BUDGET DESCRIPTION

Title I, Part D - Neglected and Delinquent Children is a Federal program that provides funding to improve the educational services for children and youth in local institutions for neglected or delinquent children and youth so that such children and youth have the opportunity to meet the same challenging State academic content standards and challenging State student academic achievement standards that all children in the State are expected to meet. BUDGET DESCRIPTION

The McKinney-Vento program is designed to address the problems that homeless children and youth face when enrolling, attending, and succeeding in school. State educational agencies (SEAs) must ensure that each student has equal access to the same free, appropriate public education as other children and youth. Under this grant, districts are required to review and develop steps to revise laws, regulations, practices, or policies that may act as a barrier to the enrollment, attendance, or success in school of homeless children and youth. This grant supports the District's Strategic Plan by providing educational access for all students.

BUDGET DESCRIPTION

The Juvenile Assistance Grant (JAG) provides funding for four intervention programs: GRIP, POINTS, POINTS II AND E-POINTS. Students who have been suspended for substance abuse or violence infractions will have the opportunity to attend the GRIP or POINTS program with their parents. These programs help students improve school performance, develop a deeper understanding of the consequences for their behavior, improve relationships between students and parents, learn solutions to cope with peer pressure, and improve communication skills. The Program supports the district's Strategic Plan by ensuring schools have a safe and orderly school environment. It also supports stakeholder engagement and community partnerships.
