BUDGET DESCRIPTION

The Department of Research, Assessment, and Grants consists of three departments that were merged during the conversion in the budget cycle from FY13-FY14. The department insures compliance with state Federal guidelines for state-mandated testing and district identified formative and summative assessments. Research, Assessment, and Grants also supports schools, centers, and departments by analyzing data, evaluating programs and data collection for instructional improvement and planning initiatives including CCRPI and state assessments. The department initiates and maintains information regarding accreditation and measures to monitor district progress through state and federal assigned scoring mechanisms. This budget aligns with the District strategic plan in that it directly supports evaluative and measurement of strategic plan progress in monitoring in accordance with Board of Education Policy.

BUDGET DESCRIPTION

Goal Area 1: Student Success is supported through the wide variety of student programming offered by the Instructional Specialists at the Center. FSC programs are available for all of the schools throughout the district. The programs are standards based and meant to engage and excite the students through the use of hands-on and minds-on activities. This rigorous programming helps to improve student mastery of the standards. Additionally, the professional development component of the Center's programming helps to support Goal Area 3 Staff Efficacy and Excellence. Lastly, the weekend and evening programs facilitated by the Center help to engage the community in the educational process for the students that attend the programs.

BUDGET DESCRIPTION

The IB Diploma Programme (DP) is designed for students who desire the most rigorous, advanced, and challenging program of study. Traditional academic subjects are part of the program, but it also emphasizes the interrelatedness of knowledge and skills through a transdisciplinary programme of inquiry. The IB DP subject areas are first language, second language, social studies, mathematics, science and fine arts. Students are required to develop a proficiency in a second language during the program. High school students are assessed internally by IB trained teachers at the local authorized IB schools and externally by IB examiners worldwide to receive the IB Diploma. This budget supports the Strategic Plans Goals Areas and Performance Objectives Goal Area I: Student Access Equity and Access.

BUDGET DESCRIPTION

FLEX Academy is the district's virtual learning academy. Our mission is to provide flexible options that meet diverse learning needs as well as promote excellence, success, and innovation. FLEX Academy offers flexible, teacher-led and non-teacher led online courses and units both during the school day and after hours. This enables students to expand their learning day and gain credits that lead to graduation as well as college and career readiness. The operational budget for FLEX Academy will ensure the program is supporting Strategic Plan Goal 1 which address Student Success and with Equity and Access.

BUDGET DESCRIPTION

This budget is required to pay all workers' compensation claims that arise during the fiscal year. The district is obligated by law to pay for all compensable work injuries that occur on the job. This budget supports the strategic plan in that it supports our teachers and staff members when they sustain an on the job injury. The claims office expidites medical treatment and helps get injured workers back to work so our students and stakeholders have the support they need to be successful.

BUDGET DESCRIPTION

The Mentoring budget is designed to assist with addressing needed skills for school success as well as addressing issues pertaining to behavior, attendance, and problem solving/conflict management. The budget will be used to support data driven interventions to decrease behavioral referrals, increase school attendance, and to improve students' academic performance. Along with providing academic support, social support and guidance, the aforementioned items support the District's Strategic Plan, Goal 2 by ensuring schools have a safe and orderly school environment and by increasing stakeholder engagement.

DESCRIPTION

This budget is needed to pay the state processing fee for fingerprinting for all new hires and teachers who are fingerprinted to renew their teaching certificates. These charges are mandated by the State; therefore, the funds are needed for the payment of the invoices received. Failure to pay will result in termination of the services. Decreasing this budget will make it impossible to ensure that all employees are FP and that their results are returned from

BUDGET DESCRIPTION

The essential function of Campus Security is to ensure that officers are prepared for any and all emergencies and have the equipment necessary to provide a safe learning environment. The main function of the Public Safety Department is public safety. This directly supports the current DCSD Strategic Planning Goal Area two (2) of Stakeholder Engagement by providing a safe, orderly and positive school environment. This function also supports Strategic Planning Goal Area four (4) of Internal and External Communication by bridging and improving communication with external stakeholders, as well as improving district internal communication with Public Safety.

BUDGET DESCRIPTION

The Student Health budget supports school based clinics in all of DeKalb County Schools. School Nurses including LPN's and RNs provide medication management for students, monitor health action plans, report the outbreak of infectious diseases to district personnel, and deal with day to day accidents and illnesses. The School Based Health Program is aligned with the district's initiative to ensure that all schools have nurses in each building. Providing school based health services supports the District's Strategic Plan by ensuring that students are healthy, are able to attend school on a regular basis and complete academic tasks. This program supports goal area I: Student success for equity and access.

BUDGET DESCRIPTION

The School Counseling budget provides for resources and activities that will equip counselors with the necessary tools to ensure the success and stability of their students. Counselors focus on instilling resiliency, providing wraparound support and working with parents. The Counseling budget is aligned with the District's goals regarding Student Success with Equity and Access by providing access to academic courses and programs and assisting with increasing the graduation rate for all students. This budget also will help meet the District goal of providing a safe, orderly, and positive school environment for students and staff.

BUDGET DESCRIPTION

The DeKalb County School System is responsible for taking certain legal deductions from employees' payroll checks. These deductions include bankruptcy, child support, alimony, garnishments, student loans, and state/federal levies. When not restricted by law, the DCSS collects \$3 or \$5 processing fee for each legal deduction for each payroll check affected. These actions produce an estimated annual revenue of approximately \$45,000.
