

Capital Improvement Program 2012 - 2017

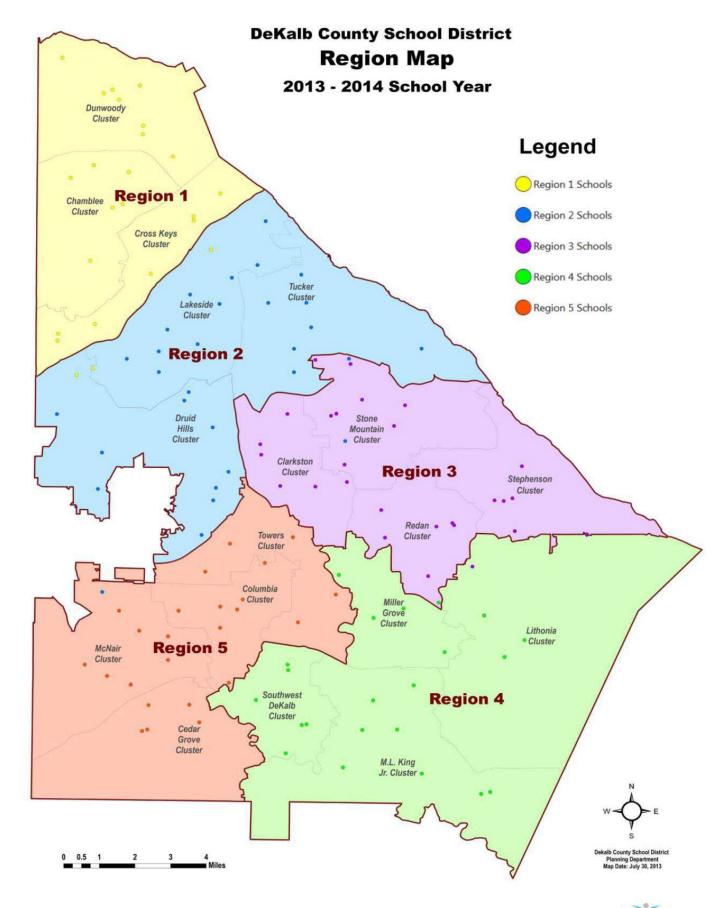

Period Ending

November 18, 2013

MONTHLY STATUS REPORT

To the Members of the DeKalb County Board of Education (BOE), DeKalb County School District (DCSD) Superintendent, DCSD staff, DCSD students, DCSD Special Purpose Local Option Sales Tax (SPLOST) Oversight Committee, and DeKalb County community,

The URS Team (URS), which includes EGM, CERM, Brailsford & Dunlavey, is pleased to issue the Monthly Status Report (MSR) for the period **October 21, 2013 – November 18, 2013** for the DeKalb County School District's Capital Improvement Program (CIP). This Program includes DCSD's 2012-2017 CIP (SPLOST IV) and the remainder of the District's SPLOST III projects. As previously reported, the SPLOST IV revenue is projected to be \$496 million with \$475 million anticipated from tax revenues and \$21 million anticipated from GaDOE reimbursements for capital outlay projects.

URS and Program Management Team have a considerable amount of experience in design and construction, which we will use to make this the most successful CIP that DCSD has experienced. URS is dedicated to providing clear and concise information. The purpose of this report is to provide the highlights of the Program and Projects, not necessarily every detail of every project. With the assistance and support of DCSD's Accountability Team, we can gather the facts, analyze them as a whole, determine the most beneficial path for the School District and the community, and make informed decisions.

We are currently managing approximately \$124.5 million in SPLOST III projects (30 projects in 69 schools which totals about \$66.9M and one QSCB project for \$57.6M), and about \$310 million in SPLOST IV projects (including the \$39.8M Technology Bond). All of these projects are "active," either in a Design or Construction phase.

We are dedicated to making this a successful Program for all. For questions or comments about this report, please send your query in writing to the DCSD Operations Division – Department of Facilities Management, ATTN: URS Program Director David Lamutt, 1780 Montreal Road, Atlanta, GA 30084.

Sincerely,

David Lamutt

DCSD CIP Program Director

As required by the District's policy and as a convenience to you, we have posted an electronic version of this report on the SPLOST IV web page at http://www.dekalb.k12.ga.us/operations/monthly-status-report/

Background

The fourth consecutive Special Purpose Local Option Sales Tax (SPLOST) to fund capital improvements throughout the DeKalb County School District (DCSD) was voted into law by the citizens of DeKalb County on November 8, 2011. This SPLOST is commonly referred to as SPLOST IV and it projected to generate \$475 million in sales tax revenue for the District's Capital Improvement Program (CIP) over a five year period. In addition, the CIP is also projected to receive \$21 million in Georgia Department of Education (GaDOE) reimbursements through the State Capital Outlay Program, resulting in a total program value of \$496 million. Also, work continues on projects funded during the previous SPLOST. While the program funding is large, it will only address a portion of the \$2.2 billion of the District's facility needs, as identified within the 2011 Comprehensive Facilities Assessment Report, dated June 2011. Projects have been prioritized and budgeted in accordance with the urgency of the identified needs.

The CIP includes, but is not limited to, the construction of seven teardown / re-build elementary schools, one teardown / re-build middle school, six major additions/renovations, one teardown / re-build high school (continuing from SPLOST III), critical building system upgrades, roof replacements, stadium upgrades, the refreshment of technology equipment and associated infrastructure, improvements to comply with the Americans with Disabilities Act (ADA), safety/security system upgrades, and the purchase of school bus and service vehicles. It also includes the allocation of funds to support the Local School Priority Request (LSPR) program, which allows each school to make their own capital improvement requests.

This Monthly Status Report (MSR), prepared by the URS Program Management staff, reports on the progress of the remaining SPLOST III projects and all of the SPLOST IV program for the period of **October 21, 2013 – November 18, 2013.**

The DCSD CIP (2012-2017) Monthly Status Report (MSR)

While providing Program Management services, the CIP Team is implementing new processes and procedures, as well as improving upon existing methods, to help streamline the reporting structure. The Monthly Status Report is key to this reporting structure – it is the CIP's "Report Card." To produce the MSR, we work closely with DCSD's Design and Construction Department to clearly and consistently report the status of all projects, taking a snapshot of data at monthly intervals. Our collective goal is to promote transparency and to give the reader the ability to easily review the status of the Program at multiple levels: program-level, regional-level, and project-specific level.

This MSR is organized into five sections:

A. Executive Summary

This section of the report provides a high level snapshot of the month's activities at a program level. This section contains a description of the Program, along with any major changes that may have occurred during this period: a status of revenues and expenditures for both SPLOST III and IV, a graphical representation of the SPLOST revenues as it relates to the obligations that have been incurred, and the progress of the Program. As a quick high-level summary reference, an alphabetical list of all SPLOST IV projects and remaining SPLOST III projects is provided for your use and review.

B. Regional Program Summary

For each of the five regions of the district, this portion of the MSR is structured to give the reader a dashboard review of the **active** projects, including SPLOST III and IV funding information. For the purpose of this report, a project is considered "active" from the Early Start Date identified on the Master Program Schedule through the project's final closeout. District-wide projects are also addressed here. For ease of use, the regions are color coded to correspond to the regional map inside the front cover of this MSR, with the color gray associated with the District-wide projects.

The sub-sections include the following information:

- Region-specific information on each of the Regions, along with each Region's share of District-Wide Projects
- Regional budget summaries that include charts showing the funding activity of the remaining SPLOST III and SPLOST IV active projects
- List of active projects by school location with their specific budget information
- Regional map with school locations
- Master schedule of active projects

C. Active Project Status Report

This section provides a status report on all active school projects and district-wide projects. The project status reports are listed alphabetically and provide the following for each active project:

- Project name, number, phase, project manager, architect/engineer, and contractor
- Project Manager's Update generally describing significant facts and events occurring during the preceding month, so the reader is informed of the progress of the project
- Project Budget/Forecast Update reports that reflect the status of these metrics and invoicing of the project
- Summary of change orders that have been approved and their potential effect on the scope, budget, and schedule

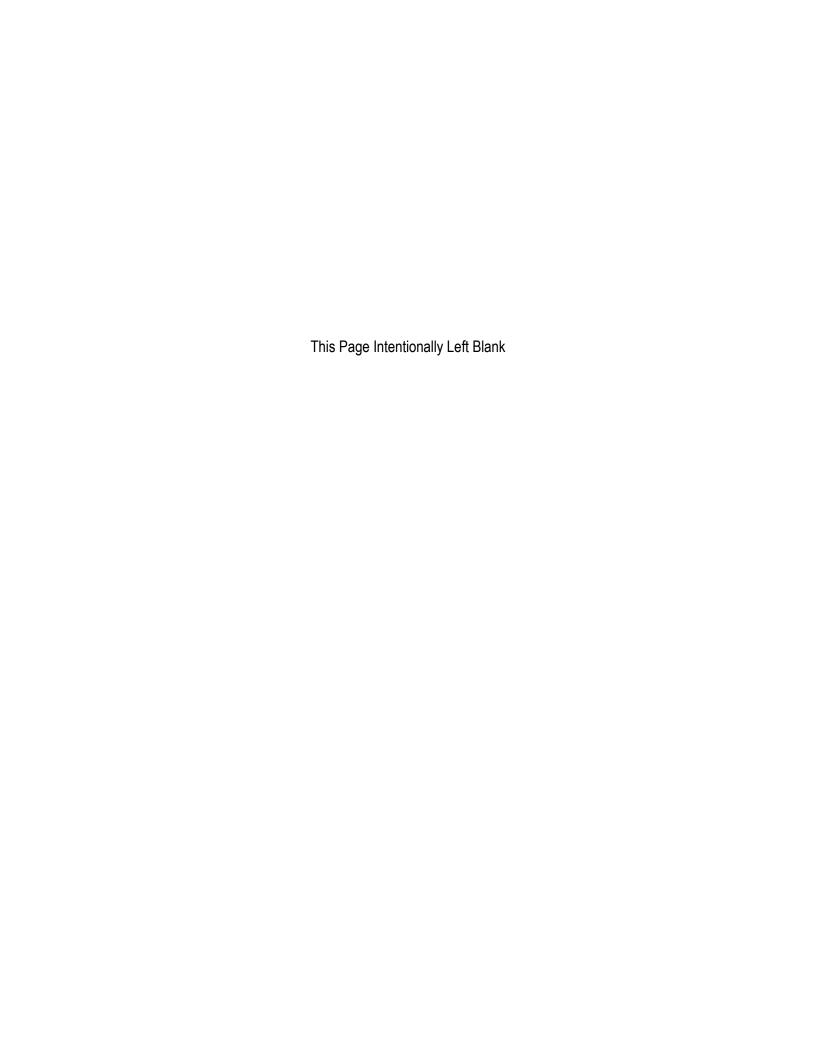

D. Attachments & Appendices

This section of the report includes the following:

- Master Program Schedule (each project is rolled up to a single line)
- Program Budget (depicts all project budgets)
- Glossary of Construction and CIP Terms
- SPLOST IV Funding, Obligations, and Expenditures
- SPLOST IV Funding Sources
- SPLOST III Sales Tax Revenues
- SPLOST III Sales Tax Expenditures

Capital Improvement Program MONTHLY STATUS REPORT

SECTION A. EXECUTIVE SUMMARY

- Program Description
- Program Funding, Obligations & Expenditures
- Status of Funding, Obligations, and Expenditures
- General Program Progress
- Key Focus Areas for the Following Month
- Alphabetical List of SPLOST III and IV Projects

EXECUTIVE SUMMARY.

This section of the report provides a high-level snapshot of the month's activities on a Program Level. This section contains a description of the Program along with any major changes that may have occurred during this period. This includes a status of revenues and expenditures for both SPLOST III & IV, a graphical representation of the SPLOST revenues as it relates to the obligations that have been incurred, and the progress of the Program. As a quick summary reference, an alphabetical list of all SPLOST IV projects and remaining SPLOST III projects is provided for your use and review

A. EXECUTIVE SUMMARY

Within this Executive Summary, we provide a brief overview of the Program Elements: Program Description; Revenues & Expenditures; Obligations, Revenues, & Outlays Chart; General Program Progress; Key Focus Areas for Next Month; and a Complete Listing of All Projects within the Program. We have included charts and graphs within this section to make some of the quantifiable data easier to interpret and analyze.

Beyond the Executive Summary, this Monthly Status Report is a snapshot of the Program for both the remainder of SPLOST III and for the active SPLOST IV projects. This report has been developed in a manner of increasing detail. Section A is the Executive Summary with a very broad view of the Program. Section B drills down into the Program, giving specific detail on a regional level. Section C discusses the Program on a project/campus level. Sections D and E both provide additional details: logs, schedules, budgets, and a glossary of terms.

This months report provides status for the period of **October 21, 2013 – November 18, 2013**. This data date applies to the entire report, including the project managers' updates on their respective project statuses and the revenues reported by the state. We collect and present the information that is available as of the data date.

1. Program Description

The Capital Improvement Program touches many of the facilities and schools in the DeKalb County School District. The primary areas of focus for the CIP include:

- Retirement of existing CIP's financial debt
- Completion of SPLOST III work
- New/replacement of seven (7) elementary schools and one (1) middle school
- Major roofing, HVAC, code & life safety improvements
- Six (6) major additions and/or renovations
- Career technology, fine arts, & classroom additions
- Renovations of classrooms from floor to ceiling
- Technology upgrades to all facilities
- Replacement of school buses and aging service vehicles

2. Program Funding, Obligations & Expenditures

Tables 1 and 2 reflect the sales tax receipts in the amount of \$466.0 million originally budgeted for SPLOST III and \$475.0 million for SPLOST IV. In May 2009, the DCSD Board of Education revised the original SPLOST III budget to include an additional \$24.1 million in anticipated revenue and \$23.5 million in anticipated DOE reimbursements, increasing the total program SPLOST III budget to \$513.6 million. In April 2012, the Board approved the SPLOST III Action Plan, which reduced the total program budget by approximately \$5.0 million resulting in the current SPLOST III budget of \$508.4 million. The District

received \$488.1 million in sales tax revenue for SPLOST III (representing period July 2007 through June 2012) which is 104.7% of the original program budgeted revenue and 99.6% of the current program budgeted revenue (as per the Board approved SPLOST III Action Plan). Per the 2012 Board approved action plan, \$18.3 million in DOE reimbursements are currently budgeted for the SPLOST III capital outlay program. The District anticipates collecting an additional \$5 million of DOE reimbursements for three SPLOST III projects (Martin Luther King Jr. High School, Miller Grove High School, and Southwest DeKalb High School) which will bring the total reimbursements to \$23.3 million. As of this period, the District has collected \$1,213,895 of the anticipated \$5 million of SPLOST III DOE reimbursements.

The total program budget for SPLOST IV is \$496.0 million of which \$475.0 million is anticipated from sales tax receipts and \$21.0 million is anticipated in reimbursements from the DOE over the life of the Program. As of this period, the total actual sales tax revenue collections are \$123.0 million, which is 108.6% of the total budgeted revenue collections through this period. There have been no DOE reimbursements for SPLOST IV at this point in the Program. Distribution of the SPLOST IV revenue from the Department of Revenue lags one month from when the actual revenue is collected at the cash register by merchants.

In addition, the District issued \$38M in bonds to enable the implementation of system-wide technology upgrades, vehicle purchase, and infrastructure refresh to be implemented starting immediately. The District's IT Department is implementing much of the work by the end of 2013.

Program Funding: This information is displayed graphically below.

Table 1 - Funding

_			SPLOST III				SPLOST IV			
Through this Period:	Original Revised Budget (as per 2009 Budget Mid-Term Assessment)		Current Budget (as per 2012 Action Plan)	Actual Collected	% of Original Budget Collected	% of Current Budget Collected	Current Budgeted to Date	Collected	% of Actual Collected to Budgeted to Date	
Sales Tax Receipts (SPLOST)	\$466.0M	\$490.1M	\$490.1M	\$488.1M	104.7%	99.6%	\$113.3M	\$123.0M	108.6%	
DOE Reimbursments	0	\$23.5M	\$18.3M	\$19.5M	N/A	106.8%	0	0	0%	
Technology Bond	-	•	-	-	1	-	\$38.0M	\$38.0M	100%	
Interest	-	-	-	-	1	-	-	\$0.49M	-	
Total Funding	\$466.0M	\$513.6M	\$508.4M	\$507.6M	108.9%	99.9%	\$151.5M	\$161.8M	106.8%	

SPLOST III and SPLOST IV Obligations and Expenditures: SPLOST III obligations are currently \$462.3 million, or 90.9% of the current budget, while SPLOST III expenditures are \$390.5 million, or 84.5% of obligations. SPLOST IV obligations are currently \$29.6 million, or 5.7% of the current budget, while SPLOST IV expenditures are \$18.0 million or 60.6% of obligations.

Table 2 - Obligations and Expenditures

SPLOST III				SPLOST IV						
CIP Current SPLOST III Budget:	\$508.4M			CIP Current SPLOST IV Budget:	\$496.0M					
Obligations:	\$462.3M	90.9%	of Budget	Obligations:	\$29.6M	5.7%	of Budget			
Expenditures (Outlays):	\$390.5M	84.5%	of Obligations	Expenditures (Outlays):	\$18.0M	60.6%	of Obligations			

3. Status of Funding, Obligations, and Expenditures

Because the SPLOST IV Program is operated on a "cash flow basis," it is critical for the actual funding received to trend at or above the budgeted/planned funding and above projected obligations. As you can see from the Chart 1 below, this is indeed the case. Actual funding is trending over 6.8% above projected funding.

Chart 1: SPLOST IV Funding, Obligations, and Expenditures As the program continues to mature we will continue to develop our reporting tools.

In the Graph below, "Funding" is shown in green, "Obligations" are shown in blue, and "Expenditures" are shown in red. Projected values are shown in dotted lines and actual values are shown in solid lines.

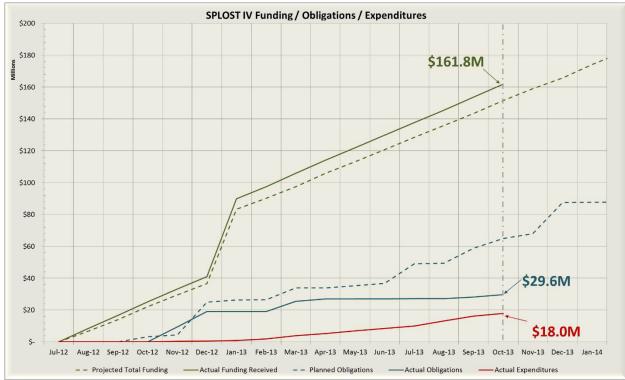

Chart 1: SPLOST IV Funding, Obligations, and Expenditures

This period, the actual funding to date of \$161.8 million exceeds the projected funding of \$151.5 million by \$10.3 million. The actual obligations of \$29.6 million are less than the total projected obligations of \$84.0 million by \$54.4 million. The Program's total obligations of \$29.6 million continues to be less than the total funding receipts of \$161.8 million. This variance of \$132.2 million, will close significantly in the coming months with the obligation (ordering) of a considerable volume of technology equipment and the anticipating for construction projects: Fernbank ES, Peachcrest ES, Henderson MS addition, and Redan HS addition. In addition, there are other small projects in procurement for construction that will be awarded soon. The requirement is to always keep the obligations less than the funding.

Current total actual sales tax collections are \$123.0 million, which is 108.6% of the total budgeted tax collections through this period. The trending of receipts are generally following the average of the last four years. See Chart 2 Below.

Chart 2: Revenue: Actual vs. Projected %

Chart 3: Value of Active SPLOST IV (Funding 422) Projects and Chart 4: Value of Active Funding 415 & 421 Projects is an aspect of the current program that has not been fully recognized. Chart 1 on the previous page represents funding, obligations, and expenditures for SPLOST IV only. SPLOST III projects, which is a major part of this program are and have not been shown in chart 1. These are projects that were transitioned from the previous Program Manager at the end of the contractural period for SPLOST III and were included in the URS Team's scope of work to be completed under our existing contract agreement with the District. However, because these projects are supported by separate funding sources it is difficult to report them on the same graphic. As referenced in Chart 4, the URS Team is currently managing 30 SPLOST III (421 funding code) active projects with a total value of \$66,944,831. There is also one project associated with SPLOST III (415 funding code) for Chamblee Charter HS with total value of \$57.6 million, totalling \$124.6 million. We currently have approximatly \$89.0 million obligated and approximatly \$62.4 million expended.

\$350.0 million

Expenditures to Date,
\$18.0 million

Chart 3: Value of Active and Completed SPLOST IV (Funding 422) Projects

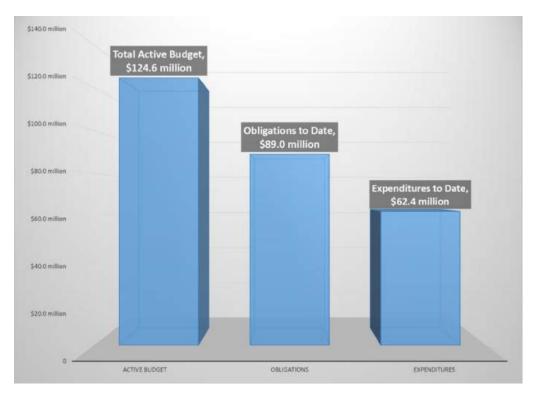

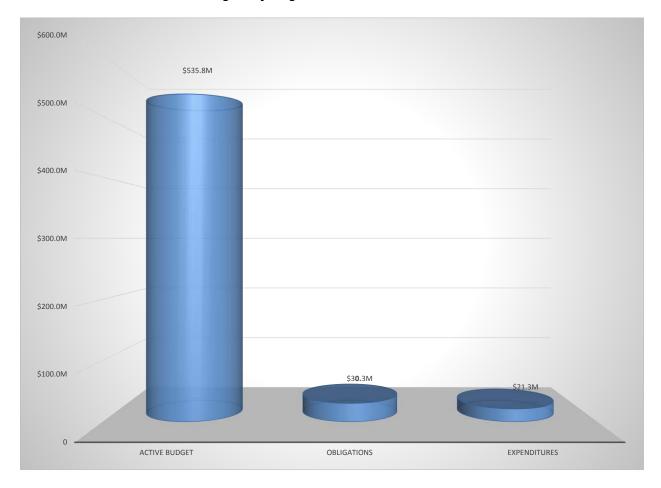

Chart 5: SPLOST IV Current Budgets by Region provides a snapshot of the budgets of the five DCSD regions and the District-wide projects for SPLOST IV. It also shows information related to those projects that have District-wide impact (school buses, Local School Priority Requests (LSPR), technology equipment and infrastructre upgrades, safety/security upgrades, etc.). By presenting this information in a pie chart format, the district can easily track the distribution across the regions.

CIP Procurement Summary for November 2013

Procurement is one of the primary drivers of any capital improvement program. To move projects forward, professional design and construction services must be solicited and contracted in a timely manner. Below are some of the highlights for this period:

- As an initiative to verify SPLOST IV project scope and budget as defined by the voter referendum and the Facility Assessment Report, the Program Management Team has undertaken weekly meetings with the various District Stakeholders – Maintenance, Nutrition, MIS, Design and Construction..
- Solicitations for design services for 307-422 Chapel Hill ES and 122-422 Miller Grove MS have been developed and will be posted online in December 2013. In conjunction with the District's new Procurement Specialist, the CIP Team has made significant improvements to the solicitation documents.
- Geotechnical services Request for Quotes (RFQ) were issued for two school locations: Meadowview ES and Clifton ES. Quotes are due November 26. Land survey RFQs are being prepared for these same two sites.
- Recommendations for General Contractor services were submitted to the December 2, 2013 Board of Education for 304-422 ADA Group D, 421-136 Hambrick ES, 421-135 Stone Mountain ES, and 421-140 Stone Mill ES, along with 338-422 Dunwoody HS Door Hardware.
- At the November 4, 2013 Board meeting, the following contracts were approved:
 - o 304-422 ADA Group E General Construction Services
 - o 905-422 (Old) Chamblee MS, Tilson ES, and Hooper Alexander ES Demolition Services
 - 503-422 Fernbank ES Demolition and Abatement Services
 - 506-422 Peachcrest ES Demolition and Abatement Services.

Notice of Award meetings for all of these projects took place on November 6, 2013.

- The General Contractor contracts for 421-115-002 Cedar Grove HS and 305-422 ADA Group E were signed by the General Contractor and submitted to DCSD for execution. Notices to Proceed are anticipated to be issued in November.
- The General Contractor Preconstruction Conference for 421-139 Indian Creek ES took place October 31.

SPLOST Oversight Committee

The next SPLOST Oversight Committee meeting is scheduled for Thursday, December 19, 2013, at 6:00p.m., at the Sam Moss Service Center. Please reference the following link for details regarding meeting minutes from last month's meeting: http://www.dekalb.k12.ga.us/splost-iv/oversight-committee/

5. Key Focus Areas for Next Month

Major Projects

- Demolition Project The Board, at the November DeKalb BOE Meeting, approved the recommendations for award to Atlanta Demolition for ES prototype demolition projects (Fernbank ES and Peachcrest ES) and for the 905-422 Demolition RFP package for the (old) Chamblee MS, Tilson ES, and Hooper Alexander ES.
- End of Year Activities CIT is performing comprehensive updates of the Program Procedures Manual (PPM), Annual Report, and the Earned Value Initiative.

Additional Initiatives

DCSD Procurement Initiatives – The URS Team has been working closely with the District's new Procurement Specialist, Belinda Quillet, to improve the solicitation processes, increase vendor participation, and decrease non-responsive submittals. In response to feedback from contractors, we are working together to review and standardize the ITB and RFP documents and contracts to make them better meet the District's needs, while improving the vendor experience.

The District has also recently implemented a practice of posting electronic versions of drawings and specifications on the DCSD Solicitations website at no charge. Prior to this initiative, these documents were available to perspective bidders for purchase only in hard copy form from the Architect. Furthermore, the District is encouraging the vendors to request debriefs for their submittals in an effort to increase the competitive selection pool for future solicitations.

Earned Value Initiative – Beginning with our February 2014 MSR, the CIP Team will be introducing the earned value method of evaluating the performance of the projects and programs as a whole. More details to be discussed in the next MSR.

Program Challenges

As with every major program, there are program "challenges." These are areas that the District and Program Manager are working together to resolve. Project specific challenges are discussed in Section C, where the specific project status is located; program wide issues are listed below:

• For this reporting period, there are no Program-wide issues that are not being discussed, negotiated, and resolved amongst the relevant parties – architects, contractors, suppliers, DCSD staff, Operations, County, Community, and the Program Manager.

6. Alphabetical List of SPLOST III and SPLOST IV Projects

Notes

- † Planned Project Start and Planned Project Finish are the project dates approved by DCSD against which the performance schedule is measured. These dates may vary from the current performance schedule dates indicated in the remainder of this report.
- 1. In the last report, Peachcrest Elementary School, Fernbank Elementary School, and Gresham Park Elementary School were shaded orange indicating that the schedule was in being closely monitored by the team, but it wasn't imminent for change. During this reporting period, we have rectified the issue and the three Elementary Schools are back on track.
- 2. This project schedule was scheduled to be complete June 27, 2013 and as if this data period, hasn't been completed.
- 3. The Orange color denotes that the schedule is currently being examined and will likely need to be adjusted. New ADA codes that are inclusive of site and building accessibility have triggered additional design efforts adding time to the project schedule.

Capital Improvement Program MONTHLY STATUS REPORT

SECTION B. REGIONAL PROGRAM SUMMARY

- Regions 1-5 DCSD Schools
- District-Wide Projects

REGIONAL PROGRAM SUMMARIES OF ACTIVE PROJECTS

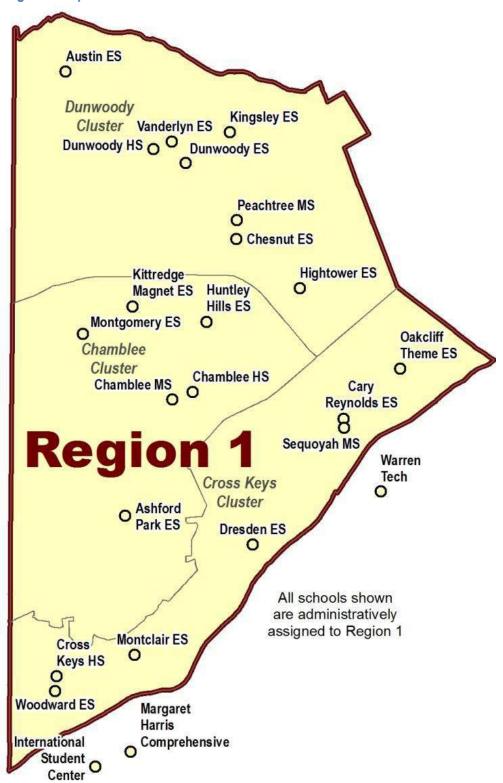

The Regional Summary is an important feature of the MSR. For each of the five regions of the district, this section is structured to give the reader a dashboard review of the active projects, including SPLOST III and IV funding information. For the purpose of this report, a project is considered "active" from the early start date identified on the Master Program Schedule through project closeout. District-wide projects are also addressed here. For ease of use, the regions are color coded to correspond to the regional map inside the front cover of this MSR, with the color gray associated with the District-wide projects.

The sub-sections provide valuable information, specifically:

- Region-specific information on each Regions and their share of District-wide projects
- Regional budget summaries that includes four pie charts showing the funding activity of the remaining SPLOST III and active SPLOST IV projects
- List of active projects by school location with specific budget information
- Regional map with school locations
- Master schedule of active and pending projects

SECTION C. ACTIVE PROJECT STATUS REPORTS

Alphabetical listing of Project Status Reports

ACTIVE PROJECT STATUS REPORT

This section provides a status report on all active school projects and district-wide projects. The project status reports are listed alphabetically and provide:

- Project name, number, phase, project manager, architect/ engineer, and contractor
- Project Manager's Update describing in detail significant facts and events occurring during the preceding month so the reader is informed of the progress of the project
- Project Budget Update reports on the budget status, forecast, and invoicing of the project
- Summary of all change orders that have been approved and their effect on the scope, budget, and schedule

Project Scope of Work

The scope of work includes improving ADA access to campus facilities and play areas for the following schools:

- Margaret Harris Comprehensive School is located at 1634 Knob Hill Drive NE, Atlanta, GA 30329.
- The first facility was built in 1967 with additional structures added later; the current size is approximately 43,766 SF.
- Rockbridge Elementary School is located at 445 Halwick Way, Stone Mountain, GA 30083.
- The first school facility was built in 1972 and the current size is approximately 60,708 SF.
- Stone Mountain Elementary School is located at 6720 James B. Rivers Drive, Stone Mountain, GA 30083.
- The first school facility was built in 1954 and the current size is approximately 65,647 SF.
- Stone Mountain High School is located at 4555 Central Drive, Stone Mountain, GA 30083.
- The first school facility was built in 1976 and the current size is approximately 173,918 SF.

Project Status Update

The completed design drawings are currently being reviewed by DCSD and URS.

Project Budget/Forecast Update

421-301-023			EXPENDI	TURES	
Activity	Current Budget (B)	Current Commitments	Forecast (F)	To Date	Budget Variance (B - F)
SUBTOTAL PRECONSTRUCTION SERVICES	\$1,000	\$0	\$1,000	\$0	\$0

PROJECT TOTAL	\$274,744	\$38,760	\$274,744	\$58,429	\$0

- After considerable efforts to adjust the scope to meet the budget, it was determined that additional funds were required to complete the scope of this project.
- An additional \$335,000 is being reallocated to this project from program contingency.

Change Order Summary

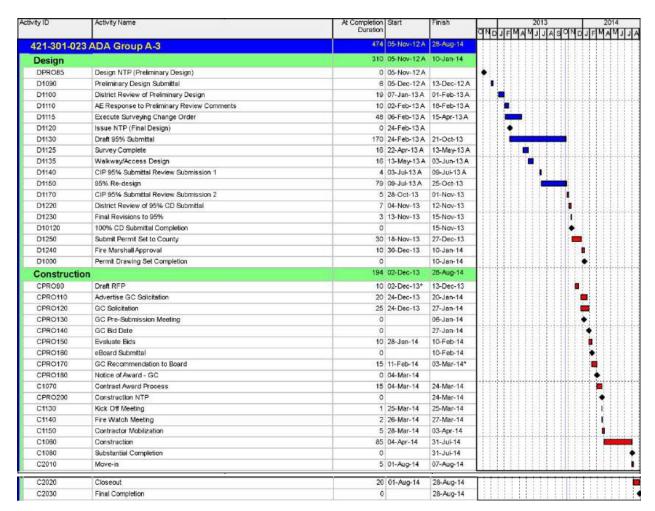

No change orders have been approved during this period.

Project Schedule Update

Group A-3 is scheduled (in conjunction with Group B-3) to start construction in March 2014.

Major Project Issues

 Margaret Harris Center scope had to be re-investigated and redesigned due to the diverse student body that would be using the future playground.

- Budget reallocations were not needed for this group.
- Estimated costs are in line with the construction budget.

Change Order Summary

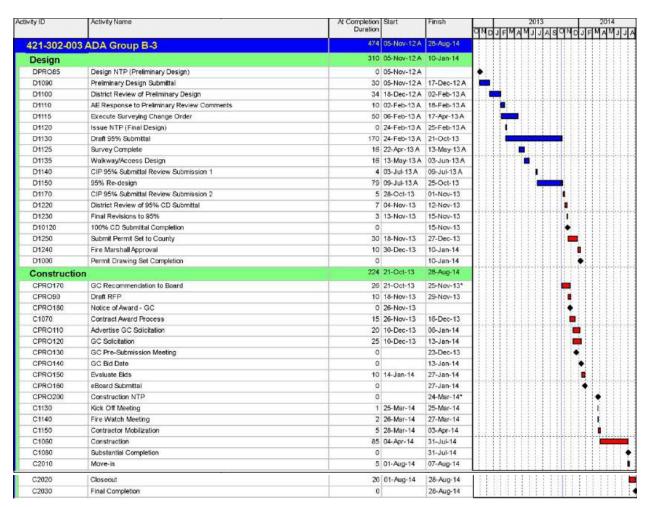

No change orders have been executed during this period.

Project Schedule Update

Group B-3 is scheduled (in conjunction with Group A-3) to start construction in March 2014.

Major Project Issues

 The project has been delayed due to Oakview Elementary School's playground design being reinvestigated and redesigned due to unforseen drainage issues.

- After considerable redesigns and efforts to adjust the scope of work to meet the budget, it was
 recommended by the Procurement Manager and approved by DCSD that additional funds were
 necessary to complete the scope of this project.
- An additional \$265,000 is being reallocated to this project from program contingency.

Change Order Summary

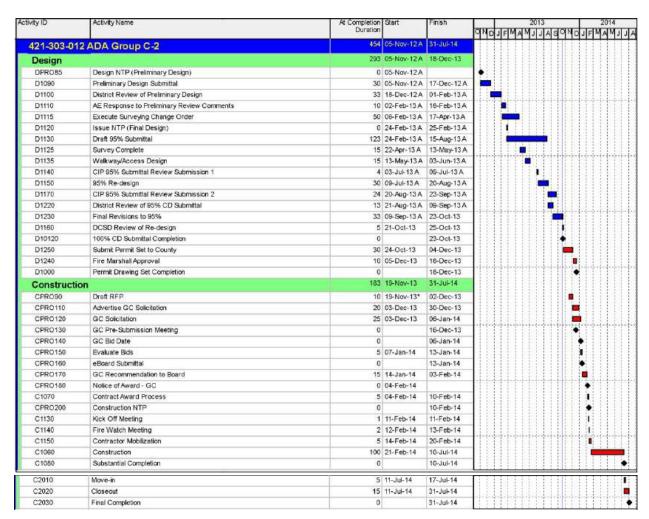

No change orders have been executed during this period.

Project Schedule Update

Group C-2 is scheduled to start construction in February 2014 (in conjunction with Group C-3).

Major Project Issues

- Briar Vista Elementary School had ramps that exceeded the budget.
- The Program Manager, Architect and DCSD evaluated the issue and through value engineering, redesigned the ramps that resulted in reduced cost and improved aesthetics.

- After considerable re efforts to adjust the scope to meet the budget, it was determined that additional funds were necessary to complete the scope of this project.
- An additional \$660,000 is being reallocated to this project from program contingency.

Change Order Summary

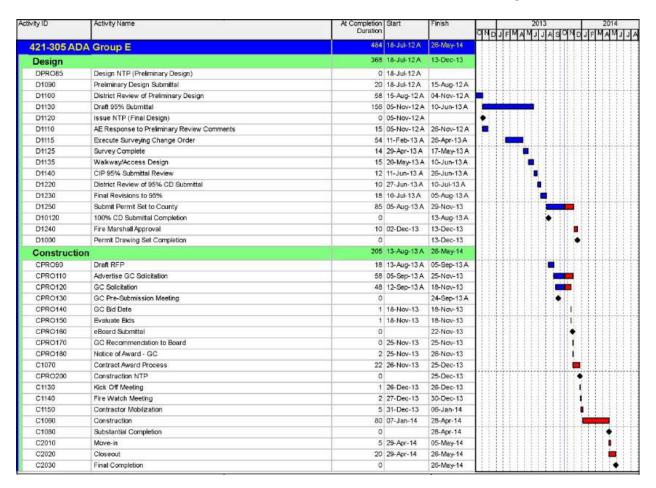

No change orders have been executed during this period.

Project Schedule Update

Group E is scheduled to start construction December 2013.

Major Project Issues

No major issues to report at this time.

Allgood ES (421-341-043)

Kitchen and HVAC Project

Project Manager Fritzgerald Joseph, URS Architect/Engineer Carlsten Sanford

Project Phase Construction Contractor Talbot Construction

Interior of Cafeteria: Location for the Temporary Food Serving
Line while Kitchen is being Renovated

Existing Kitchen

Kitchen Hood and Lighting

Project Scope of Work

Allgood Elementary is located at 659 Allgood Road, Stone Mountain, GA 30083. The first school facility was built in 1955 and the current size is approximately 63,989 SF.

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures in the kitchen area
- Replacement of existing freezer and cooler
- Providing a new kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- Providing new direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- This work is being performed in conjunction with a kitchen design specialist to provide the most efficient and cost-effective operations layout.

Project Status Update

Construction is scheduled over Thanksgiving break to minimize disruptions

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

New Water Coolers for Montclair ES

New Urinals at Montclair ES

Plumbing Fixtures for Replacement

Project Scope of Work

- Replacement of the existing water closets, sinks, lavatories, urinals, flush valves, and faucets with new, low-consumption plumbing fixtures in their place.
- Water fountains throughout the buildings.

Work Authorization #22 includes three schools:

- Bob Mathis Elementary School is located at 3505 Boring Road, Decatur, GA 30034. The first school facility was built in 1975 and the current size is approximately 69,401 SF.
- Chapel Hill Elementary School is located at 3536 Radcliffe Boulevard, Decatur, GA 30034. The first school facility was built in 1967 and the current size is approximately 69,150 SF.
- Wadsworth Elementary School is located at 2084 Green Forest Drive, Decatur, GA 30032. The first school facility was built in 1958 and the current size is approximately 54,142 SF.

Work Authorization #23 includes four schools:

- Montclair Elementary School is located at 1680 Clairmont Place, Atlanta, GA 30329. The first school facility was built in 1967 and the current size is approximately 71,711 SF.
- Stone Mountain Elementary School is located at 6720 James B. Rivers, Decatur, GA 30329. The first school facility was built in 1954 and the current size is approximately 65,647 SF.
- Shadow Rock ES and Shadow Rock Center are located at 1040 Kingway Drive, Lithonia, GA 30058.
 They were built in 1991 and are approximately 112,298 SF.

Project Status Update

- Plumbing fixture replacement for both Work Authorization #22 and Work Authorization #23 have been completed.
- Two change orders coming for two additional sinks at Wadsworth ES, repairing walls at Bob Mathis ES, moving electrical at Chapel Hill ES and replacement of rugs at Shadow Rock Center.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

Chamblee Middle School (305-422)

Capital Renewal

Project Manager Wayne Channer, URS Architect/Engineer TBD

Project Phase Pre-Construction Contractor TBD

Gas Supply to Generator

Cooling Tower Adjacent to Generator

Project Scope of Work

- Chamblee Middle School is located at 3601 Sexton Woods Drive, Chamblee, GA 30341. The original school facility was built in 2006 and there have been no additions or major renovations and the current size is approximately 129,449 SF.
- The scope of this work includes:
 - Study of the exitsing generator and the systems which it maintains.
 - The results of this study will be used for the justification of either repair or replacement of the emergency generator, bringing the current emergency power load up to current DCSD standards.

Project Status Update

A recommendation that this project be deemed unnecessary has been submitted to DCSD.

Project Budget/Forecast Update

The project is currently forecasted to be cancelled, pending formal process to deem it unnecessary.

Major Project Issues

No major issues to report at this time.

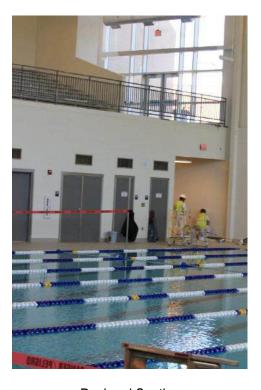

Chamblee Charter HS (421-117)

New Replacement High School

Project Manager Don Little, URS Architect/Engineer Perkins + Will, Inc.

Project Phase Construction Contractor Turner Construction

Pool and Seating

Gym Lobby

Project Scope of Work

The existing Chamblee High is located at 3688 Chamblee-Dunwoody Road, Chamblee, GA 30341. The oldest school facility was built in 1963, with additions over the years; the current size is approximately 193,320 SF.

The scope of work comprises replacing all buildings on the campus, including:

- Maintaining all academic functions of the campus during demolition and construction
- Demolition of existing 193,320 sf original structure
- Replacement of the current academic building (174,175 SF) with a new academic building to include a cafeteria, dedicated spaces for JROTC, engineering and prototyping labs, a new media center, new classroom and science lab spaces and a new administrative wing
- New arts/athletics building (105,058 SF) to include an auditorium, gym and natatorium as well as spaces for music, drama, and health classes
- New practice field
- New softball field that includes dugouts
- Resurface the baseball field that includes new dugouts and a press box
- Replace the fencing, and resurface the tennis and basketball courts across Mendenhall Drive
- Increased campus parking capacity from 200 spaces to approximately 600 spaces

Project Status Update

- Academic wing
 - Landscaping and planting is now complete.
 - Contractor continues to work on punch list items and they were scheduled to be complete by 11/14/13.
 - FF&E Delivery and Installation started as scheduled, 11/14/13. It is progressing well and it appears that all deliveries and installation will be complete by 12/5/13.
 - Coordination of the permanent hardware cores is now complete. Delivery and installation is scheduled to start the week of 11/18/13 and completed by 12/5/13. Once the hardware is in place, DCSD can take complete occupancy of the building.
 - DCSD plans final move-in over the December holiday break.
 - Kitchen equipment training was completed the week of 11/11/13 and the Start-up Health Inspection is scheduled for 11/19/13.
- Natatorium and Gymnasium
 - o Exterior building is now completely enclosed.
 - Pool installation is now complete; filled with water and the Health Inspection was conducted on 11/12/13.
 - Permanent power and climate control have been achieved and the wooden floor installation started 11/11/13. It has five (5) week duration.
 - Finish activities including painting, ceramic tile, lockers, benches, basketball goals, and acoustical wall panels have started.

- o 80% completion fire marshal inspection was conducted on 10/21/13.
- Contractor has requested the 100% pre-inspection for 12/2/13 and they have started work on their in-house punch list items. Phase 1a substantial completion is scheduled for 12/16/13.
- DCSD plans final move-in over the December holiday break.

Auditorium

- Exterior CMU and brick is now complete.
- o Interior MEP installation is keeping up with the masonry wall installation.
- Interior metal stud wall framing has started.
- Construction is about 75% complete.

Sitework

- Concrete curb and gutter systems are now complete.
- Landscaping continues on the southside.
- Georgia Power has installed site lighting
- Parking lot striping is complete.

Existing Building

- Continued coordination of all building decommissioning activities in preparation for Staff Relocation and Building Demolition.
- First demolition phase is scheduled during the Winter break.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

421-117			EXPEND		
Activity	Current Budget (B)	Current Commitments	Forecast (F)	To Date	Budget Variance (B - F)

Change Order Summary

- Drafted the following change orders:
 - 007 Labor Rate Adjustment to Reflect Actual Cost \$0 zero change to current GMP
 - 008 Soil Remediation \$267,071.00 increase to the GMP

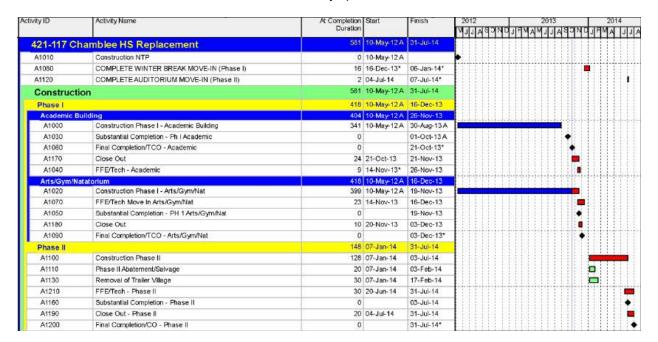

- 009 Adjustment to Phase 1a Substantial Completion \$0 zero change to GMP or Final Completion
- \$1 million will be transferred to cover potential increase to the current GMP.
- The project is currently forecasted to complete within budget.

Project Schedule Update

- Phase I is on schedule for December 2013 completion.
- Phase I consists of the academic building, the gymnasium, the natatorium, and the new parking lots.
- Phase II is on schedule for a July 31, 2014 completion.
- Phase II consists of the auditorium and its ancillary spaces and the athletic fields.

Major Project Issues

No major issues to report at this time.

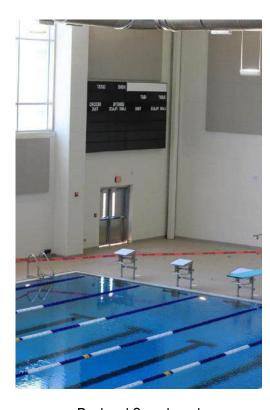

Chamblee Charter HS (415-117 and 900-422)

New Replacement High School

Project Manager Don Little, URS Architect/Engineer Perkins + Will, Inc.

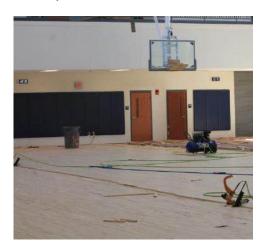

Project Phase Construction Contractor Turner Construction

Pool and Scoreboard

Wooden Floor Installation at Gym

Project Scope of Work

 Chamblee High is located at 3688 Chamblee-Dunwoody Road, Chamblee, GA 30341. The first school facility was built in 1963 and the current size is approximately 193,320 SF.

The funding for Chamblee High School has been split into two projects:

- SPLOST III (421-117). Project 421-117 includes the predesign, design, preconstruction, construction survey, FF&E, and technology
- QSCB (415-117). Project 415-117 covers the purchase of the land and the majority of the construction manager contract.

Please see the write up for 421-117 on page C-32 to review project progress.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Chapel Hill ES (307-422)

HVAC and Capital Improvements Project

 Project Manager
 Gregory R Smith, URS
 Architect/Engineer
 TBD

 Project Phase
 Pre-Design
 Contractor
 TBD

Main Entrance to School

Project Scope of Work

 Chapel Hill Elementary is located at 3536 Radcliffe Boulevard, Decatur GA 30034. The first school facility was built in 1967 and the current size is approximately 69,150 SF.

The initial scope of work includes:

- Replacement of existing gas fired HVAC rooftop unit.
- Installation of a 20 ton HVAC package for the gymnasium

Project Status Update

- The scope of work for design has been determined.
- Request For Proposal (RFP) has been drafted for A/E services and is expected to go to be released soon.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

PROJECT TOTAL	\$1,312,497	\$0	\$1,312,497	\$0	\$0

Change Order Summary

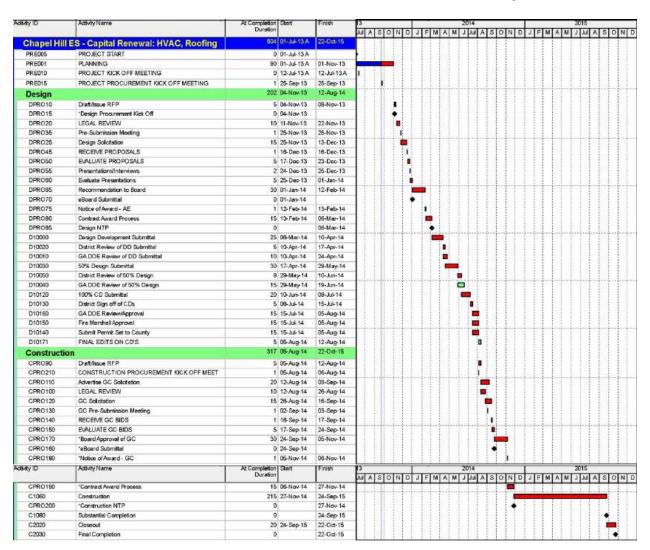

No change orders have been executed during this period.

Project Schedule Update

- The RFP for the project has undergone significant review by DCSD.
- This process has now impacted the design duration and could impact construction duration and/or delay the project completion date.

Major Project Issues

The schedule has been impacted due to the length of time that the RFP has been in review. The schedule is being reviewed for opportunities to make up for the delay.

Clifton ES (421-341-039)

Kitchen Renovation

Project Manager Fritzgerald Joseph, URS Architect/Engineer Carlsten Sanford Architects

Project Phase Construction Contractor Construction Works, Inc.

Kitchen Exhaust Hood

Cafeteria Serving Line

Kitchen Exhaust Hood

Project Scope of Work

 Clifton Elementary is located at 3132 Clifton Church Road SE, Atlanta, GA 30316. The first school facility was built in 1967 and the current size is approximately 59,801 SF.

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures in the kitchen area
- Providing a new kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- Providing new direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines

This work is being performed in conjunction with a kitchen design specialist to provide the most efficient and cost-effective operation layouts.

Project Status Update

Construction is planned for November 22, 2013 to February 2014.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Columbia MS (421-229)

Track Refurbishment

Project Manager Fritzgerald Joseph, URS Architect/Engineer Breedlove Land Planning

Project Phase Close-Out Contractor Sunbelt

Track After Renovation

Track After Renovation

Project Scope of Work

- Columbia Middle School is located at 3001 Columbia Drive, Decatur, GA 30034.
- The first school facility was built in 2001 and the current size is approximately 161,263 SF.

The scope of work includes:

- Installation of new asphalt track surface over existing track, with curbs and grading necessary to ensure proper drainage to existing site drainage system
- Installation of a perimeter fence and caution signage, along with any tree removal per the engineered drawings

The track will be striped according to the National Federation of State High School Associations (NFHS) guidelines for track and field events.

Project Status Update

The track refurbishment project has been completed.

Project Budget/Forecast Update

This project is within budget.

Project Phase Non-Construction, Year One Contractor URS Team

Program Scope of Work

- URS, the Program Manager, is providing program management services to DCSD for a period of 75 months starting on September 7, 2012, on a year to year basis.
- URS' scope is to manage the carry-over projects from SPLOST III and to manage all projects identified in SPLOST IV, per the executed agreement between DeKalb County School Board and URS.
- URS Program Management responsibilities include the management and/or oversight of the following:
- SPLOST IV DCSD 2013 2017 CIP
- SPLOST III Completion of majority of remaining projects

This includes:

- Planning Phase
- Design Solicitation and Award Phase
- Design Phase
- Swing space analysis and implementation
- Relocation of students and staff
- Construction Solicitation and Award Phase
- Demolition of Existing Facility Phase
- Project Construction Phase
- Move-in of students and staff

- Project Close-Out Phase
- Project Warranty Phase
- Coordination with DCSD's Technology Department and reporting of their projects
- Coordination with DCSD's FF&E Department and reporting of their projects
- Coordination with DCSD's Transportation Department and reporting of their projects

Program Status Update

See the General Program Progress section of the Executive Summary.

Program Budget/Forecast Update

 Based on the current Scope of Work, the CIP Team anticipates completing this program within the budget allocated.

Change Order Summary

No change orders have been executed during this period.

Program Schedule Update

 The CIP Program Manager is contracted for 75 months to perform the work prescribed in the program management contract.

Major Program Issues

See the Key Focus Areas for the Following Month section of the Executive Summary.

DCSD Staff (903-422)

Design & Construction John Jambro, DCSD Architect/Engineer N/A

Manager

Project Phase Non-Construction, Year One Contractor DCSD

Program Scope of Work

- The DeKalb County School District SPLOST Accountability Team acts on behalf of the District to monitor the progress of the URS Program Management Team to confirm that all projects are within scope, on schedule, and within budget.
- DCSD's Team provides services including procurement, architectural review, project management, and quality assurance, along with accounting and administrative tasks.

Program Status Update

Program Master Schedule is located in Section D of this report.

Program Budget/Forecast Update

 Based on the current Scope of Work, the CIP Team anticipates completing this program within the budget allocated.

No change orders have been executed during this period.

Program Schedule Update

The Program Master Schedule is located in Section D of this report.

Major Program Issues

Demolition Projects (905-422)

Manager for Design & ConstrJohn Wright, URSArchitect/EngineerTBDProject PhasePre-ConstructionContractorTBD

Program Scope of Work

- This scope of work for this project is for demolition services for (Old) Chamblee Middle School, Tilson Elementary School, and Hooper Alexander Elementary School.
- The Design/Builder will prepare submittals for the following proposed demolition activities:
 - Demolition Plan
 - Safety Plan
 - Full Approach to Demolish Schools
 - Utility Plan
 - Schedule

Project Status Update

 Proposals were scored and the winning GC recommendation was sent for BOE approval at the November meeting.

Program Budget/Forecast Update

Based on the current Scope of Work, the CIP Team anticipates completing this project within budget.

Change Order Summary

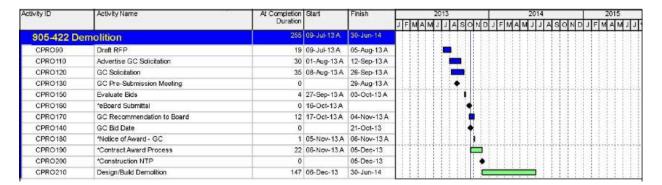

No change orders have been executed during this period.

Program Schedule Update

This project is currently forecasted to complete on schedule.

Major Program Issues

Dunwoody HS (421-120-002)

Supplemental Work - Paving

Project Manager H Wayne Channer, URS Architect/Engineer Perkins + Will

Project Phase Close-Out Contractor Sunbelt Asphalt

New Striping and Handicap Symbols

Existing Symbols and Signs Removed

Replaced Sidewalk Sections

Project Scope of Work

- Dunwoody High is located at 5035 Vermack Road, Dunwoody, GA 30338.
- The original campus was constructed in 1972.
- Additions and renovations to the main school building were constructed in 1973, 1975, 2010 and 2012 and the current approximate square footage is 182,604.

Scope #1:

- New marker/ tack boards in classrooms
- New flooring/ cove base in classrooms
- Stripping/ waxing of corridors
- New student/ teacher desks and chairs

Scope #2:

- Removal and replacement of the top two inches of asphalt from the south parking area
- Resealing and restriping of the parking lot

- Installation of speed bumps
- Replacement of damaged curbing and sidewalk around the parking lot
- Creation of handicap accessible parking and removal of temporary handicap parking

Project Status Update

Certificate of Completion signed by the District and a copy has been given to the Contractor.

Project Budget/Forecast Update

421-120-002			EXPENDI	TURES	
Activity	Current Budget (B)	Current Commitments	Forecast (F)	To Date	Budget Variance (B - F)
SUBTOTAL PRECONSTRUCTION SERVICES	\$0	\$0	\$0	\$17,100	\$0

PROJECT TOTAL	\$1,401,513	\$293,532	\$405,035	\$389,791	\$996,478

- The overall budget for the Dunwoody HS Supplemental Project # 421-120-002 is \$1,401,513.
- The available budget for Scope #1 (which pre-dates the contract with URS) is \$1,000,000 with the total project cost of \$145,310.
- The available budget for Scope #2 (included in URS' scope of services) is \$401,513, with a forecasted cost of \$193,722.

Change Order Summary

No change orders have been executed during this period.

Project Schedule Update

The work for this Project has completed on schedule.

Major Project Issues

Dunwoody HS (338-422)

Hardware and Door Replacement

Project Manager H Wayne Channer, URS Architect/Engineer Perkins + Will

Project Phase Pre-Construction Contractor TBD

Example of Door for Replacement

Contractors Participating in Bid Walk

Bathroom Doors to be Replaced

Project Scope of Work

- Dunwoody High is located at 5035 Vermack Road, Dunwoody, GA 30338.
- The original campus was constructed in 1972, additions and renovations to the main school building were constructed in 1973, 1975, 2010 and 2012 and the current approximate square footage is 182,604.
- Replace all remaining old doors and hardware that were not replaced by the previous addition/ renovation.

Project Status Update

Contractor notified of selection and is currently completing required paperwork.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Change Order Summary

No change orders have been executed during this period.

Major Project Issues

Emergency Generators (421-321-015E)

Bulk Purchase Program Emergency Generator Installation

Locations Chesnut Charter School

McNair Middle School

DeKalb High School of Technology - South

Project Manager H Wayne Channer, URS Architect/Engineer HESM&A

Project Phase Construction Contractor Caldwell Electrical Contractors

New Security Fencing at DHST-S

Chesnut ES Automatic Transfer Switches

New Generator at McNair MS

Project Scope of Work

- The scope of work includes the installation and/ or replacement of emergency generators at three schools.
- These generators are to pick up the emergency load for the fire alarm system, intercom system, security system, exit lights, MDF room HVAC unit, MDF room equipment, telephone system, kitchen milk cooler, walk in cooler/freezer units, sanitary sewer lift station, emergency lighting. Schools included in this project are:
- Chesnut Elementary School is located at 4576 N. Peachtree Road, Dunwoody, GA 30338. The first school facility was built in 1969 and the current size is approximately 52,018 SF.

- DeKalb High School of Technology South is located at 3303 Panthersville Road, Decatur, GA 30034.
 The first school facility was built in 1977 and the current size is approximately 47,467 SF.
- Ronald E. McNair Middle School is located at 2190 Wallingford Drive, Decatur, GA 30032. The first school facility was built in 1958 and the current size is approximately 173,040 SF.

Project Status Update

- The work at all three schools has been completed up to the Fire Marshals Final inspection.
- A Change Order is being assembled to study issues identified at all three schools by the DCSD Life and Fire Safety Specialist.
- The Contractor has been requested to schedule a Fire Marshal inspection in order to determine the proper sequence for the other Emergency Generator Projects.
- Issues with getting information from the DeKalb County Permitting office has slowed the understanding of requirements for the final inspections.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

421-321-015E			EXPENDI	TURES	
Activity	Current Budget (B)	Current Commitments	Forecast (F)	To Date	Budget Variance (B - F)

PROJECT TOTAL	\$650,000	\$329,111	\$650,000	\$198,073	\$0

Change Order Summary

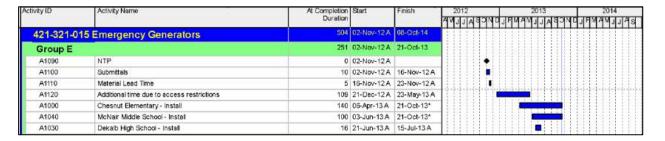

No change orders have been executed during this period.

Project Schedule Update

The schedule will need to be revised based on the how long it will take to study and address the items identified by the DCSD Life and Fire Safety Specialist.

Major Project Issues

- Based on direction of the DCSD Life and Fire Safety Specialist, a study of all three buildings will be required to determine the needs to comply with the fire codes as interpreted by the Fire Marshal.
- After the study is complete a change order will be needed to address these items.

Freedom MS Generator & Gas Service

Bethune MS Generator

Existing Generator for Change Out

Project Scope of Work

- The scope of work includes the installation and/ or replacement of emergency generators at six schools.
- These generators are to pick up the emergency load for the fire alarm system, intercom system, security system, exit lights, MDF room HVAC unit, MDF room equipment, telephone system, kitchen milk cooler, walk in cooler/freezer units, sanitary sewer lift station, emergency lighting. Schools included in this project are:
 - Browns Mill Elementary School is located at 4863 Browns Mill Road, Lithonia, GA 30038.
 The first school facility was built in 1990 and the current size is approximately 75,978 SF.
 - Jolly Elementary School is located at 1070 Otello Avenue, Clarkston, GA 30021. The first school facility was built in 1968 and the current size is approximately 71,924 SF.
 - Freedom Middle School is located at 505 South Hairston Road, Stone Mountain, GA 30088. The first school facility was built in 2000 and the current size is approximately 161,263 SF.

- Mary McLeod Bethune Middle School is located at 5200 Covington Highway, Decatur, GA 30035. The first school facility was built in 2001 and the current size is approximately 161,263 SF.
- Avondale High School is located at 1192 Clarendon Avenue, Avondale Estates, GA 30002. The first school facility was built in 1955 and the current size is approximately 175,429 SF.
- Druid Hills High School is located at 1798 Haygood Drive NE, Atlanta, GA 30307. The first school facility was built in 1927 and the current size is approximately 170,915 SF.

Project Status Update

- Bids have been received for this work.
- The work is on hold while costs for the additional work and proper sequencing of inspections are worked out in coordination with 421-321-015E.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

421-321-015F			EXPENDI	TURES	
Activity	Current Budget (B)	Current Commitments	Forecast (F)	To Date	Budget Variance (B - F)
SUBTOTAL PRECONSTRUCTION SERVICES	\$0	\$0	\$0	\$0	\$0

SUBTOTAL CONTINGENCY	\$0	\$0	\$0	\$0	\$0
PROJECT TOTAL	\$1,300,000	\$183,872	\$1,300,000	\$165,909	\$0

Change Order Summary

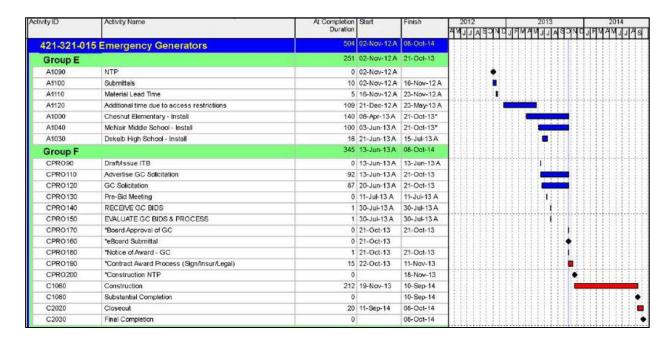

No change orders have been executed during this period.

Project Schedule Update

- Because no bids were received for the first contract, there is a six week impact to the construction schedule.
- Based on the required Life Safety work in the three schools of Project 421-321-015E, there may be additional delay in starting this project.
- The URS Team will work with the Principals to closely re-schedule the work of the generator project to minimize impacts to student learning and school operations.

Major Project Issues

- Lack of contractor bids for this work caused the completion date to move out.
- Work has been placed on hold until costs can be determined for the required Life Safety work in the three schools of Project 421-321-015E.

Project Scope of Work

- The scope of work includes the installation and/ or replacement of emergency generators at ten schools
- These generators are to pick up the emergency load for the fire alarm system, intercom system, security system, exit lights, MDF room HVAC unit, MDF room equipment, telephone system, kitchen

milk cooler, walk in cooler/freezer units, sanitary sewer lift station, emergency lighting. Schools included in this project are:

- Canby Lane Elementary School is located at 4150 Green Hawk Trail, Decatur, GA 30035.
 The first school facility was built in 1967 and the current size is approximately 67,806 SF.
- Cary Reynolds Elementary School is located at 3498 Pine Street, Doraville, GA 30340.
 The first school facility was built in 1961 and the current size is approximately 73,466 SF.
- Cedar Grove Elementary School is located at 2330 River Road, 2330 River Road,
 Ellenwood, GA 30294. The first school facility was built in 1975 and the current size is approximately 75,901 SF.
- Evansdale Elementary School is located at 2914 Evans Woods Drive, Doraville, GA 30340. The first school facility was built in 1967 and the current size is approximately 53,998 SF.
- Huntley Hills Elementary School is located at 2112 Seaman Circle, Chamblee, GA 30341.
 The first school facility was built in 1964 and the current size is approximately 54,012 SF.
- Kingsley Elementary School is located at 2051 Brendon Drive, Dunwoody, GA 30338.
 The first school facility was built in 1971 and the current size is approximately 60,378 SF.
- Montclair Elementary School is located at 1680 Clairmont Place NE, Atlanta, GA 30329.
 The first school facility was built in 1967 and the current size is approximately 71,711 SF.
- Panola Way Elementary School is located at 2170 Panola Way Court, Lithonia, GA 30058. The first school facility was built in 1987 and the current size is approximately 86,443 SF.
- Shadow Rock Elementary School is located at 1040 Kingway Drive, Lithonia, GA 30058.
 The first school facility was built in 1991 and the current size is approximately 112,298 SF.
- Stoneview Elementary School is located at 2629 Huber Street, Lithonia, GA 30058. The first school facility was built in 1963 and the current size is approximately 71,293 SF.

Project Status Update

- Shadow Rock ES has an existing generator that appears to be in good shape.
- Five school designs have been forwared to DCSD for review.
- The work is on hold while costs for the additional work and proper sequencing of inspections are worked out with 421-321-015E.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

Project Manager Brian Albanese, URS Architect/Engineer Chapman Griffin Lanier Sussenbach

Architects (CGLS)

Project Phase Design Contractor N/A

Existing Main Entrance to Austin ES

Existing Main Entrance to Smoke Rise ES

Project Scope of Work

- SPLOST IV referendum and voter approval changed the scope of work for this project to develop a
 prototypical design for seven, 900-seat, 58 Instructional Units (IUs) elementary schools.
- The schools will be "site adapted" to all seven locations where new replacement elementary schools are slated to be built.
- The seven new schools have a total project budget of \$128,948,967 or about \$18,421,281 each.
- This includes design, construction, geotechnical investigations, surveying, FF&E, information technology, materials testing, etc.

- The first three elementary schools will be constructed in 2014/2015. In addition to the design, construction administration services will be required for all three sites:
 - Fernbank Elementary School is located at 157 Heaton Park Drive, Atlanta, GA 30307.
 - o Gresham Park Elementary School is located at 1848 Vicki Lane, Atlanta, GA 30316.
 - Peachcrest Elementary School is located at 1530 Joy Lane, Decatur, GA 30032.
- The remaining four elementary schools are scheduled to begin pre-design in 2016. These four will be considered in this solicitation with regards to the prototype design only:
 - Austin Elementary School is located at 5435 Roberts Drive, Dunwoody, GA 30338.
 - o Pleasantdale Elementary School is located at 3695 Northlake Drive, Doraville, GA 30340.
 - Rockbridge Elementary School is located at 445 Halwick Way, Stone Mountain, GA 30083.
 - Smoke Rise Elementary School is located at 1991 Silver Hill Road, Stone Mountain, GA 30087.

Project Status Update

- The architect, Chapman Griffin Lanier Sussenbach (CGLS), has submitted 30% Construction Documents and it was reviewed by DCSD and approved with notes to proceed with 80% Construction Documents.
- Design is scheduled to be complete early 2014.
- Notice of awards were made to contractor for the demolition of Fernbank ES and Peachcrest ES.
- Notice to proceed with work is anticipated before the end of the year.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

Project Scope of Work

- The scope of work for this project is to use the prototypical design for a 900-seat, 58 Instructional Units (I.U.'s) elementary school and adapt and construct the new building on the school's original site.
- The following baseline criterion, in addition to the GA Department of Education requirements, shall be utilized in the prototypical elementary school design:
 - 17 Pre-K, Kindergarten, and 1st Grade Classrooms at about 880 square feet
 - o 27 2nd 5th Grade Classrooms at about 750 square feet
 - One (1) Media Center at about 3,250 square feet
 - One (1) Art Classroom at about 950 square feet
 - One (1) Music Classroom at about 950 square feet
 - One (1) Computer Labs at about 880 square feet
 - One (1) Science Lab at about 1,050 square feet
 - o Four (4) Shared Labs (i.e., Discovery, ESOL, etc.)
 - Cafeteria is to be setup as a Cafetorium utilizing a total of 5,640 square feet

- One (1) Gymnasium- Minimum of 4,700 square feet Modified Bitumen Roof System- No Skylights
- o Four (4) Special Needs Classrooms at about 750 square feet
- Mechanical Platform for Mechanical and Electrical Equipment (No mezzanines)
- Kitchen shall be at least 3,000 square feet
- The project budget is about \$18,421,281.
- This includes design, construction, geotechnical investigations, surveying, FF&E, information technology, materials testing, etc.

Project Status Update

- The architect, Chapman Griffin Lanier Sussenbach (CGLS), has submitted 30% Construction
 Documents and it was reviewed by DCSD and approved with notes to proceed with 80% Construction
 Documents.
- Design is scheduled to be complete early 2014.
- Notice of awards were made to contractor for the demolition of Fernbank ES and Peachcrest ES.
- Notice to proceed with demolition work is anticipated before the end of the year.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

Major Project Issues

General Services (902-422)

Miscellaneous

Project Manager John Wright, URS DCSD PM John Jambro, DCSD

Project Phase Non-Construction Contractor N/A

Project Scope of Work

 Project scope includes general services and resources required for the execution of the Capital Improvement Program including items such as printing, courier services, program management software, computer hardware for the CIP, and other similar activities.

Project Status Update

- With the start of SPLOST IV, the CIP is transitioning to an industry-standard Project Management Information System (PMIS) based on Oracle/Primavera web-based applications.
- Expenditures to date pertain to the installation, licensing, and maintenance of these Program schedule and contract management applications.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

This project is currently forecasted to complete on schedule.

Major Project Issues

Hambrick ES (421-136)

HVAC

Project Manager Fritzgerald Joseph, URS Architect/Engineer Sy Richards Architects

Project Phase Pre-Construction Contractor TBD

Exterior View

Exhaust Hood

Ceiling and Lighting Fixtures

Project Scope of Work

- Hambrick Elementary is located at 1101 Hambrick Road, Stone Mountain, GA 30083.
- The first school facility was built in 1971 and the current size is approximately 72,384 SF.

The scope of work includes;

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing freezer and cooler
- O New kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- New direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- New emergency generator

New parking lot lighting coordinated with GA Power

Project Status Update

- This project was rebid due to insufficient participation in the August solitication.
- Pre-proposal conference for the new solicitation was held on October 16, 2013 for prospective GCs.
- Proposals came in and were evaluated by the CIP Team.
- A GC will be selected in the upcoming weeks.

Project Budget and Forecast

This project is currently forecasted to complete within budget.

Major Project Issues

Henderson MS (421-230)

Track Refurbishment

Project Manager Fritzgerald Joseph, URS Architect/Engineer Breedlove Land Planning

Project Phase Close-Out Contractor Sunbelt Asphalt

Track

Track Infield

Track

Project Scope of Work

- Henderson Middle is located at 2830 Henderson Mill Road, Atlanta, GA 30341.
- The first school facility was built in 1968 and the current size is approximately 158,140 SF.

The scope of work includes:

- Installation of new asphalt track surface over existing track, with curbs and grading necessary to ensure proper drainage to existing site drainage system
- Installation of a perimeter fence and caution signage, along with any tree removal per the engineered drawings
- The track will be striped according to the National Federation of State High School Associations (NFHS) guidelines for track and field events.

Project Status Update

The track refurbishment project has been completed.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

No change orders have been executed during this period.

Project Schedule Update

This project is currently forecasted to complete on schedule.

Major Project Issues

Henderson MS (416-422)

Code Compliance

Project Manager Brian Albanese, URS Architect/Engineer BRPH Architects-Engineers, Inc.

Project Phase Design Contractor TBD

Henderson MS Front

Project Scope of Work

- Henderson Middle School is located at 2830 Henderson Mill Road, Atlanta, GA 30341.
- The first school facility was built in 1968 and the current size is approximately 158,140 SF.
- The scope includes roof replacement for the original facility built in 1968 and the addition built in 1970, including related code-required upgrades.

Project Status Update

- The Architect, BRPH Architects-Engineers, Inc., has submitted the Design Development submittal and it is currently under review by DCSD.
- Design review meeting will be held before BRPH proceeds on the 30% Construction Document set, which is scheduled for submittal in early December.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Major Project Issues

Henderson MS (512-422)

Renovation/Addition

Project Manager Brian Albanese, URS Architect/Engineer BRPH Architects-Engineers

Project Phase Design Contractor TBD

Project Scope of Work

Henderson Middle is located at 2830 Henderson Mill Road, Atlanta, GA 30341.

- The first school facility was built in 1968, with subsequent additions; currently the size is approximately 158.140 SF.
- The project scope includes the full professional design and engineering services for renovations and additions to Henderson MS.
 - This will provide for modifications and upgrades to the existing buildings and facilities that will include, but not be limited to:
 - Estimated 26 Instructional Units (I.U.s)/ classroom addition
 - This addition will include standard classrooms, an expansion to the existing kitchen, an orchestra room, a chorus room, two special education classrooms, two girls/boys restrooms, five science labs, five language arts, five social studies class rooms, and five math classrooms.
- Existing school renovation that could include:
 - Kitchen and program-driven modifications
 - Plumbing
 - Electrical
 - HVAC
 - Replacement of the grease trap
 - Site modifications
 - Replacement of the parking lot and driveways
- The design will also include updating the facility to meet current ADA accessibility and fire/life safety codes as required.

Project Status Update

- The Architect, BRPH Architects-Engineers, Inc., has submitted the Design Development submittal and it is currently under review by DCSD.
- Design review meeting will be held before BRPH proceeds on the 30% Construction Document set, which is scheduled for submittal in early December.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Indian Creek ES (421-139)

Kitchen & HVAC

Project Manager Fritzgerald Joseph, URS Architect/Engineer Epsten Group

Project Phase Construction Contractor Construction Works, Inc.

Portable Trailers Setup to Accommodate Phased HVAC Project

Lighting

Kitchen Equipment

Project Scope of Work

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing HVAC, freezer, and cooler
- Providing a new kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- Providing new direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- Providing a new emergency generator
- Providing new parking lot lighting
- Replacing wood shelves in the dry storage rooms with metal shelves
- The project also includes providing classrooms/mobile units for the students while construction work is performed at the school.

Project Status Update

- Notice to Proceed issued on September 5, 2013
- Preconstruction Conference held October 31, 2013.
- The contractor is in the process of acquiring the building permit.

Project Budget/Forecast Update

- This project is currently showing a budget shortfall.
- The CIP team is evaluating the shortfall to determine the appropriate action.

Change Order Summary

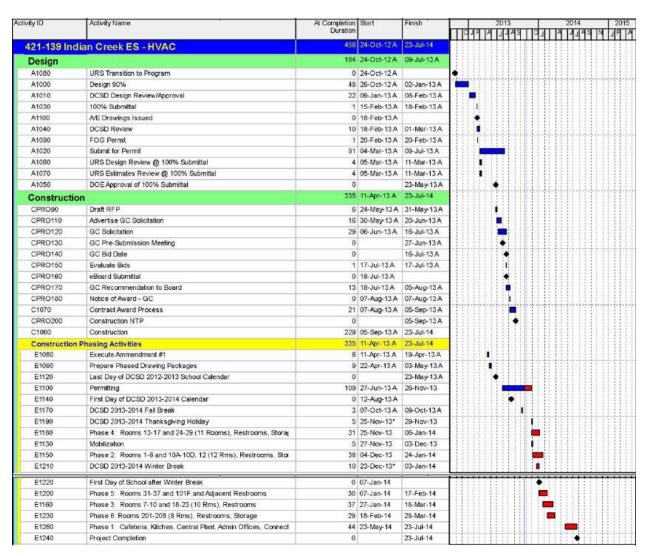

No change orders have been executed during this period.

Project Schedule Update

- An NTP was issued to the GC.
- The kick-off meeting for this project was delayed, but it has not impacted the overall schedule.

- Errors and Ommissions regarding 35 water source heat pumps.
- The Architect neglected to include 35 water source heat pumps into the design documents of the project.
- The Architect will provide a deduct for \$80,000 to their contract.
- The plans are still under plan review at the building department.

Knollwood ES (421-132-002)

HVAC & ADA

Project Manager Fritzgerald Joseph, URS Architect/Engineer Sheffer Grant

Project Phase Construction Contractor Bon Building Services, Inc.

Cafeteria Lighting to be Replaced

Portable Trailers Setup to Accommodate Phased HVAC Project

Dry Food Storage Room - Wood Shelving Units Were Replaced with Metal

Project Scope of Work

- Knollwood Elementary is located at 3039 Santa Monica Drive, Decatur, GA 30032.
- The first school facility was built in 1955 and the current size is approximately 63,342 SF.

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing freezer and cooler
- New kitchen exhaust hood with a makeup air unit
- Air conditioning for the kitchen
- New direct digital controls (DDC) energy management controls

- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines providing a new emergency generator
- New parking lot lighting
- ADA improvements and restroom accessibility renovations
- Replace wood shelves in the dry storage rooms with metal shelves

Project Status Update

- Preconstruction Conference held on October 24, 2013
- Evacuation plans are currently under review by the DCSD Life Safey Manager.

Project Budget/Forecast Update

• The project is currently forecasted to complete within budget.

Lab Casework

Project Scope of Work

Martin Luther King Jr. High is located at 3991 Snapfinger Road, Lithonia, GA 30038.

- The first school facility was built in 2001 and the current size is approximately 186,272 SF.
- This project includes a major addition of 76,728 SF.
- The building will house 18 classrooms, six science classrooms, four information technology labs, a family consumer lab, drama room, art room, and chorus room.
- The two-story addition will also contain new administrative offices and a ninth-grade commons area.
- The project has a completion date of January 2014.

Project Status Update

- Wings A-C New Building
 - New building roof installation and tie-in is now complete
 - Interior and exterior masonry work is now complete
 - Sprinkler; Electrical and HVAC ductwork installation is also complete
 - Metal stud partition walls and drywall installation is over 95% complete and the installation of ceiling tile has started
 - Painting is 90% complete
 - Ceramic tile installation is complete
 - Exterior metal wall panel installation is over 90% complete
 - Exterior curtain wall framing and the glass window system is nearly complete; only detail work remains
 - Permanent power and climate control are in these wings
 - o Millwork, lab Casework, and metal locker installation are over 75% complete
 - Installation of the gas line to the new generator is complete
 - Elevator installation has started
- Existing Building Renovation
 - Demolition of the administration area of the existing building is complete
 - Plywood screen wall has been built around the dining commons to separate the construction area from the student and staff occupied areas. This partition will remain in place until project completion.
 - Roofing installation is complete
 - Electrical, fire sprinkler and HVAC systems are over 90% complete.
 - Masonry work and exterior metal stud framing and sheathing are complete
 - Metal stud wall and soffit framing, including drywall finishing is complete
 - Painting has started
 - Contractor has requested the 50% Fire Marshal inspection
- Site Work
 - Curb and gutter is complete
 - First layer of asphalt paving is complete
 - Installations of the concrete sidewalks have stated
 - Landscaping has started

Project Budget/Forecast Update

This project is currently forecast to complete within budget.

Project Schedule Update

This project is currently forecasted to complete on schedule.

Major Project Issues

Miller Grove HS (421-128)

Addition & Renovations

Project Manager H. Wayne Channer, URS Architect/Engineer Manley, Spangler & Smith

Project Phase Construction Contractor HJ Russell & Company

Ribbon Cutting Ceremony

Color Guard at Ribbon Cutting Ceremony

Ribbon Cutting Ceremony

Project Scope of Work

- Miller Grove High School is located at 2645 DeKalb Medical Parkway, Lithonia, Georgia 30058.
- Miller Grove High School was originally built in 2005.
- The school/center is approximately 240,000 SF and is located on approximately 48.7 acres.

The scope of work will be performed in three phases:

- Phase 1 New two-story classroom addition (seven classrooms and three office areas)
- Phase 1A New drama classrooms (south of the auditorium stage)
- Phase 3 Renovation to the north end of the classroom building

Project Status Update

- Ribbon cutting ceremony was held for the Project in front of the storefront entrance for the new classroom addition.
- The contractor has called for a review of the substantial punch lists by the Architect to comfirm completion.

 The inspection for the Certificate of Occupancy for the new classroom addition is waiting on work to be performed by the District's emergency generator contractor.

Project Budget/Forecast Update

• This project is currently forecasted to complete within budget.

PROJECT TOTAL	\$6,095,989	\$5,436,192	\$6,095,989	\$1,263,945	\$0

Change Order Summary

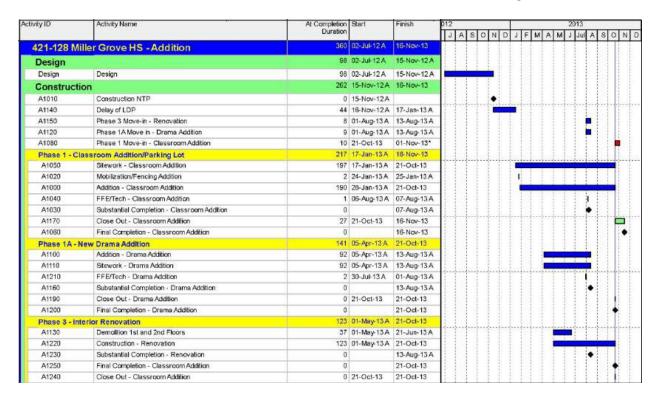

Change Orders #3 was approved for \$4,142.00.

Project Schedule Update

 Change Order #2 changed the schedule by an extention of 62 calendar days moving the completion date to October 16, 2013.

- During the Pre-Fire Marshall final inspection for the building addition it was discovered that the existing school generator would not start and that the existing fire sprinkler system had been yellow tagged.
- These items need to be addressed before the Fire Marshall could be notified for the Final Life Safety Inspection.
- Once these items are corrected and the Fire Marshal has completed his inspections the Certificate of Occpancy and the Substantial Completion Certificate can be issued.
- Once the contractor has passed his inspections a change order will be issued to cover the delay.
- Frequently during the Fire Marshal inspections components of the existing campus will be determented to be out of compliance.
- These items outside the Construction Contract need to be addressed before the Fire Marshal will sign off on his inspection.
- The Fire Marshal has final approval for the Life Safety inspections which are required before the Certificate of Occupancy can be issued.

Miller Grove MS (122-422)

Capital Renewal

Project Manager	H. Wayne Channer, URS	Architect/Engineer	TBD
Project Phase	Planning	Contractor	TBD

Project Scope of Work

- Miller Grove Middle School is located at 2215 Miller Road, Decatur, Georgia 30035.
- Miller Grove Middle School was originally built in 1985 with an addition in 1988.
- The school is approximately 132,700 SF and is located on 27.8 acres.
- The project scope is currently under development.

Project Status Update

 The Request for Proposal (RFP) for Architectural Services is on hold while DCSD makes decisions on the proper format for the document.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Montgomery ES (421-138)

HVAC - Architectural

Project Manager Fritzgerald Joseph, URS Architect/Engineer Richard Wittschiebe and Hand

Project Phase Construction Contractor Atlantic South Construction

Ceiling Lighting and HVAC to be Replaced

Interior Hallway

Portable Trailers Setup to Accommodate Phased HVAC Project

Project Scope of Work

- Montgomery Elementary is located at 3995 Ashford-Dunwoody Road, Atlanta, GA 30319.
- The first school facility was built in 1963 and the current size is approximately 61,857 SF.
- Project 001-422 (SPLOST IV) is directly related to project 421-138 (SPLOST III).
- 421-138 covers the design stage of this project
- 001-422 covers the construction phase which is currently in pre-construction

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing freezer and cooler
- New kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- Providing new direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- New emergency generator
- New parking lot lighting

Project Status Update

See Project 001-422 for the Construction Phase update.

Project Budget/Forecast Update

• This project is currently forecasted to complete within budget.

Project Phase Design Contractor TBD

Peachcrest ES Front

Peachcrest ES Play Field

Project Scope of Work

- The scope of work for this project is use the prototypical design for a 900-seat, 58 Instructional Units (I.U.'s) elementary school and adapt and construct the new building on the school's original site.
- The following baseline criterion, in addition to the GA Department of Education requirements, shall be utilized in the prototypical elementary school design:
 - o 17 Pre-K, Kindergarten, and 1st Grade Classrooms at about 880 square feet
 - o 27 2nd 5th Grade Classrooms at about 750 square feet
 - One (1) Media Center at about 3,250 square feet
 - One (1) Art Classroom at about 950 square feet
 - One (1) Music Classroom at about 950 square feet
 - One (1) Computer Labs at about 880 square feet
 - One (1) Science Lab at about 1,050 square feet
 - Four (4) Shared Labs (i.e., Discovery, ESOL, etc.)
 - o Cafeteria is to be setup as a Cafetorium utilizing a total of 5,640 square feet
 - One (1) Gymnasium- Minimum of 4,700 square feet Modified Bitumen Roof System- No Skylights
 - Four (4) Special Needs Classrooms at about 750 square feet
 - Mechanical Platform for Mechanical and Electrical Equipment (No mezzanines)
 - Kitchen shall be at least 3,000 square feet
- The project budget is about \$18,421,281. This includes design, construction, geotechnical investigations, surveying, FF&E, information technology, materials testing, etc.

Project Status Update

- 30% Construction Documents were approved by DCSD with notes to proceed with 80% Construction Documents
- Design is scheduled to be complete early 2014

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

Peachtree Charter MS (421-232)

Track Refurbishment

Project Manager Fritzgerald Joseph, URS Architect/Engineer Breedlove Land Planning

Project Phase Close-Out Contractor Sunbelt

Track - After Renovation

Track - After Renovation

Project Scope of Work

- Peachtree Charter Middle School is located at 4664 North Peachtree Road, Atlanta, GA 30338.
- The first school facility was built in 2006 and the current size is approximately 147,300 SF.

The scope of work includes:

- Installation of new asphalt track surface over existing track, with curbs and grading necessary to ensure proper drainage to existing site drainage system
- Installation of a perimeter fence and caution signage, along with any tree removal per the engineered drawings
- Track striping according to the National Federation of State High School Associations (NFHS) guidelines for track and field events

Project Status Update

The track refurbishment project has been completed.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Major Project Issues

Radio Communications (630-422)

Project Manager John Wright, URS DCSD Project Manager Anthony Jackson, DCSD

Project Phase Non-Construction Contractor TBD

Old 1980's Service Vehicle Photo

Newer Vehicle Photo

Project Scope of Work

 Acquisition of buses and upgrade of bus radio communications to comply with Federal Communications Commission (FCC) regulations and global positioning system (GPS) reporting equipment to serve various schools.

Project Status Update

- Part 1 Narrowband FCC Compliance: This project was completed in August 2013.
 - The Vendor who performed the work was Alpha Communications and to date was paid \$604,751.50.
- Part 2 GPS Bus Locator Software: The Vendor Education Logistics, was selected and approved by the Board.
 - The GPS was awarded for for \$958.080.
 - This work will be performed during Winter Break.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Change Order Summary

No change orders have been executed during this period.

Project Schedule Update

The project schedule was impacted due to a re-bid.

Major Project Issues

Delayed due to re-bid.

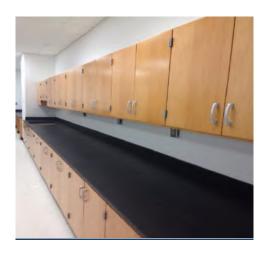

Redan HS (421-111-002)

Interior Renovations & Storage Facility

Project Manager Kevin Payne, DCSD Architect/Engineer Richard Wittschiebe Hand

Project Phase Close-Out Contractor Albion Scaccia

New Art Classroom Casework

New Trophy Cases

New Flooring in Art Classroom

New Acoustical Panels

Project Scope of Work

- The scope of work for this project includes various improvements to the interior of the existing school.
- Also included is the construction of a storage facility on the grounds of the school.

Project Status Update

- Substantial Completion was achieved on October 7, 2013.
- Closeout documents and the completion of the items on the final punchlist are in the process of completion.

Project Budget/Forecast Update

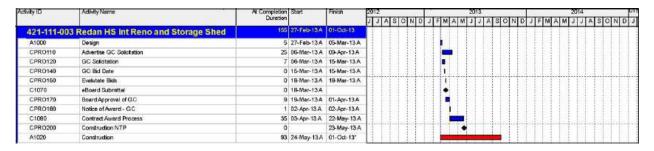

The project is currently forecasted to complete within budget.

Change Order Summary

Change Orders No.3 has been approved.

Project Schedule Update

This project is currently forecasted to complete on schedule.

Major Project Issues

Redan HS (513-422)

Renovation/ Addition

Project Manager Brian Albanese, URS Architect/Engineer CDH Partners

Project Phase Design Contractor TBD

Exterior of Existing Facility

Marquee for Redan High School

Project Scope of Work

- Redan High School is located at 5247 Redan Road, Stone Mountain, GA 30088.
- The Redan High School campus consists of one main school constructed in 1976, and an addition to the main school building constructed in 2010.
- The school is approximately 361,392 SF and is located on approximately 39.5 acres.
- The scope of work includes full professional design and engineering services for the renovation of and addition to Redan HS.
- This will provide for modifications and upgrades to the existing buildings and facilities that will include, but not be limited to:
- Estimated 24 I.U./classroom addition
- This addition will include
 - Standard classrooms.
 - An expansion to the existing kitchen, cafeteria, and media center
 - An orchestra room, a chorus room, two special education classrooms, two girls/boys restrooms, five science labs, five language arts, five social studies class rooms, and five math classrooms.
- Replacement of all doors and hardware in the existing buildings
- Replacement of the lockers in the boys' and girls' locker rooms
- Site modifications

- Replacement of the parking lot and driveways
- The design will also include updating the facility to meet current ADA accessibility and fire/life safety codes as required.

Project Status Update

- The Architect, CDH Partners, submitted the design development submittal the week of October 14-2013.
- Design was reviewed and approved with notes by DCSD the week of November 11, 2013.
- CDH is now working on the 30% Construction Document submittal which is scheduled for late November.

Project Budget/Forecast Update.

This project is currently forecasted to complete within budget.

Ronald E. McNair MS (421-231)

Track Refurbishments

Project Manager Fritzgerald Joseph, URS Architect/Engineer Breedlove Land Planning

Project Phase Close-out Contractor Sunbelt Apshalt

Track - After Renovation

Track - After Renovation

Track - After Renovation

Project Scope of Work

- Ronald McNair Sr. Middle is located at 2190 Wallingford Drive, Decatur, GA 30032.
- The first school facility was built in 1958 and the current size is approximately 173,040 SF.

The scope of work includes:

- Installation of new asphalt track surface over existing track, with curbs and grading necessary to ensure proper drainage to existing site drainage system
- Installation of a perimeter fence and caution signage, along with any tree removal per the engineered drawings
- Track striping according to the National Federation of State High School Associations (NFHS) guidelines for track and field events.

Project Status Update

The track refurbishment project has been completed.

Major Project Issues

Safety/Security Upgrades (600-422)

Project Manager John Wright, URS MIS Project Manager Leon Glaeser, DCSD – IT/MIS

Project Phase Non-Construction Contractor TBD

Project Scope of Work

The project scope is currently under development.

Project Status Update

Currently in procurement process; developing the RFP.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Major Project Issues

School Buses (640-422)

Project Manager John Wright, URS DCSD Project Manager Anthony Jackson, DCSD

Project Phase Non-Construction Contractor TBD

Project Scope of Work

The voters of DeKalb County approved SPLOST funding to purchase District school buses.

Project Status Update

- Currently awaiting delivery of 22 school bus units.
- An order has been placed for an additional 10 school bus units for delivery of Spring 2014.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

No change orders have been executed during this period.

Project Schedule Update

These projects are currently forecasted to complete on schedule.

Major Project Issues

Service Vehicles (620-422)

Project Manager John Wright, URS DCSD Project Manager Anthony Jackson, DCSD

Project Phase Non-Construction Contractor TBD

Project Scope of Work

 The voters of DeKalb County approved SPLOST funding to replace the District's obsolete vehicles and modernize the fleet.

The acquisition of these vehicles will improve operational readiness, driver safety and fuel efficiency.

Major Project Issues

Southwest DeKalb HS (002-422)

Addition & Renovations

Project Manager Robert Mitchell, URS Architect/Engineer CDH Partners

Project Phase Construction Contractor HJ Russell & Company

Exterior Masonry Wall

Floor Work

Project Scope of Work

- Southwest DeKalb High is located at 2863 Kelley Chapel Road, Decatur, GA 30034.
- The first school facility was built in 1967 and the current size is approximately 206,179 SF.
- The scope of work for the project is scheduled to be completed in three phases.
 - Phase 1 Construction of a new 83,816 SF amphitheater and classrooms building (general classrooms, special education classrooms, band room, art room, and several science & business labs/ classrooms), along with relocating the emergency generator.
 - Phase 2 Replacement of the fire alarm in the main building and testing of brick veneer walls for the existing school building. (Additional Phase 2 work, replacement of the roof, is being performed separately under Project # 328-422. See page C-140.)
 - Phase 3 Renovation and/or expansion of the media center, home living lab, ROTC, and construction lab. Also included are remediation to existing brick exterior walls and parking lot reconfiguration (rear parking lot near the new addition).

Project Status Update

- Construction activites underway:
 - Roofing
 - Structural steel erection and decking CMU & brick wall erection

- Electrical, plumbing and HVAC rough-in
- Concrete slab on grade excavation and placement, and continuous footings

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

Change Order Summary

Total value of approved change orders to date: \$201,943.00

Project Schedule Update

- Phase 1 is on schedule for a February 28, 2014 substantial completion.
- Phase 2 is on schedule for a September 13, 2014 substantial completion.
- Phase 3 is on schedule for a September 13, 2014 substantial completion, which now includes the main building roofing work scope.

Major Project Issues

Southwest DeKalb HS (327-422)

Capital Renewal Plumbing

Project Manager Robert Mitchell, URS Architect/Engineer Perkins +Will, Inc.

Project Phase Design Contractor TBD

Boys' Restroom

Boys' Restroom

Project Scope of Work

- Southwest DeKalb High is located at 2863 Kelley Chapel Road, Decatur, GA 30034.
- The first school facility was built in 1967 and the current size is approximately 206,179 SF.
- The plumbing renewal project is linked to project #514-422 "Renovations #5100/5200 Halls" and will be procured in one solicitation.

The scope of work:

- Upgrade the existing HVAC system
- Install a sprinkler system
- Electrical and lighting upgrades
- Replace existing plumbing for the restrooms
- ADA and Fire/Life safety upgrades
- Please refer to project #514-422 on page C-142 for project updates.

Project Status Update

- Perkins + Will was selected as the architect for the project and is working on the schematic drawings.
- Perkins + Will is scheduled to provide schematic drawings December 2013.

Project Budget/Forecast Update

The project is currently forecasted to complete within budget.

Major Project Issues

Stone Mill ES (421-140)

HVAC

Project Manager Fritzgerald Joseph, URS Architect/Engineer Sy Richards Architects

Project Phase Pre-Construction Contractor TBD

Cafeteria Center Ceiling

Hallway

Temp Parking Pad Due to Portable Trailers Setup to Accommodate Phased HVAC Project

Project Scope of Work

- Stone Mill Elementary is located at 4900 Sheila Lane, Stone Mountain, GA 30083.
- The first school facility was built in 1975 and the current size is approximately 70,896 SF.

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing freezer and cooler
- New kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- New direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- New emergency generator
- New parking lot lighting (coordinated with GA Power)

Project Status Update

Proposals were received November 8, 2013; all were within budget.

- Proposal evaluation is underway
- A GC will be selected in the upcoming weeks

Project Budget/Forecast Update

• This project is currently forecasted to complete within budget.

421-140			EXPENDI	TURES	
Activity	Current Budget (B)	Current Commitments	Forecast (F)	To Date	Budget Variance (B - F)

Change Order Summary

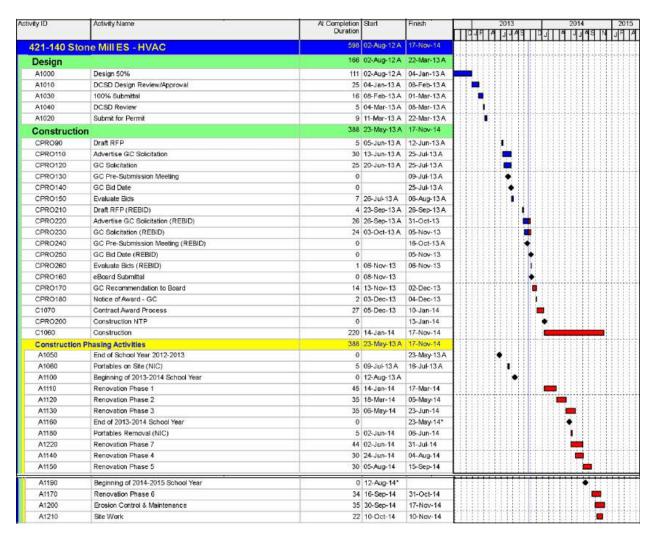

No change orders have been executed during this period.

Project Schedule Update

As a result of this project having to be re-bid, the estimated completion date is November 2014.

Major Project Issues

- Delay to schedule due to project being re-bid.
- URS will be rescheduling projects with Contractor feedback.
- The revised dates will be coordinated with the Principal to minimize impacts to students and school operations.

Stone Mountain ES (421-135)

HVAC & ADA

Project Manager Fritzgerald Joseph, URS Architect/Engineer Sy Richards Architects

Project Phase Pre-Construction Contractor TBD

Portable Trailers Setup to Accommodate Phased HVAC Project

Media Center Lighting to be Replaced

Classroom Ceiling and Lighting to be Replaced

Project Scope of Work

- Stone Mountain Elementary is located at 6720 James B. Rivers Drive, Stone Mountain, GA 30083.
- The first school facility was built in 1954 and the current size is approximately 65,647 SF.

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing freezer and cooler
- New kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- New direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- New emergency generator

New parking lot lighting (coordinated with GA Power)

Project Status Update

- Proposals came in November 8, 2013 and they were all under budget.
- Proposals came in and were evaluated by the CIP Team.
- A GC will be selected in the upcoming weeks.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Major Project Issues

Technology - Bond Repayment (720-422)

Technology Bond Repayment

Project Manager John Wright, URS DCSD Project Manager Gary Brantley, DCSD CIO

Project Phase Non-Construction Contractor N/A

Project Scope of Work

 This project tracks the debt service payments for the \$38.0M technology bonds sold in December of 2012.

- The purchase of these bonds allowed several technology initiatives planned for later in the SPLOST IV program to be accelerated into the 2013 fiscal year.
- The Board approved the technology bond prior to its sale; however creation of the 720-422 project to track its repayment still requires Board review and approval for incorporation into the overall SPLOST IV program.
- This document is a placeholder until the board approves the Board approves the creation of project 720-422.

Project Status Update

- Bond revenues have been received.
- Bond repayment begins later this year.

Project Budget/Forecast Update

- The cost of the bond is \$39,786,100, or \$1,786,100 above the \$38,000,000 proceeds from the bond.
- Budget reallocations have been made from the Technology Equipment project (710-422) and the Service Vehicles project (620-422) to satisfy the \$1,786,100.

Project Schedule Update

N/A

Major Project Issues

Technology - Equipment (710-422)

Technology Updates

Project Manager John Wright, URS DCSD Project Manager Natalie Terrell, DCSD IT/MIS

Project Phase Non-Construction Contractor TBD

Project Scope of Work

21st Century Classroom Technology (\$9,000,000)

- Complete the roll out of interactive boards to classrooms (this includes a projector for classrooms and ability for hand-held student "response devices" to interface with the interactive board)
- Provide students with access to desktop computers and/or laptops and/or tablet computers to support e-books and other digital content
- Provide video conferencing to support learning opportunities with universities and other K–
 12 schools
- Hardware Refresh (\$18,755,789)
 - Update computer labs (e.g. general computer labs, career technology, business education, and engineering)
 - Update classroom computers as needed
 - Update administrative computers as needed

Project Status Update

- 21st Century Classroom Technology
 - Request for Proposal (RFP) is scheduled for presentation to the Board of Education (BOE) and approval December 2013.
- Hardware Refresh
 - 58% completion rate for overall project with 44 schools completed.

Project Budget/Forecast Update

- This project is currently forecasted to complete within budget.
- Due to issuing the technology bond, \$1,711,382 will be reallocated from this project budget to the bond repayment budget (project 720-422) to cover the cost of issuing the bond as well as interest payments.
- This pending budget reallocation will be reflected below once fully executed.

Change Order Summary

No change orders have been executed during this period.

Project Schedule Update

This project is currently forecasted to complete on schedule.

Major Project Issues

Technology - Infrastructure Refresh (700-422)

Technology Updates

Project Manager John Wright, URS DCSD Project Manager Natalie Terrell, DCSD IT

Project Phase Non-Construction Contractor TBD

Project Scope of Work

- The DeKalb County School District (DCSD) has undertaken a fast-paced technology plan to make 123 schools and centers wireless.
- Currently, 121 schools and centers are finished, with an average of one access point per two classrooms.
- An update of all SPLOST technology projects can be found on the website at http://www.dekalb.k12.ga.us/splost-iv/projects/.
- In addition to providing wireless access for all classrooms, we are using SPLOST funding to update hardware, provide 21st century classroom technology including interactive white boards, upgrade technology infrastructure, distribute digital content and upgrade telecommunications infrastructure.
- Wireless Access for All Classrooms (\$4,500,000)
 - The Information Technology (IT) Department will plan, coordinate, execute, and manage the installation of wireless equipment in every classroom district-wide.
 - This will include adding up to 3990 access points and 500 network switches.
 - Additionally, the district will install an upgraded wireless network management platform and a new identity management solution.
- Digital Content Distribution (\$1,500,000)
 - Provide schools with the technology to share digital content, broadcast morning announcements, videos, and the like.
- Infrastructure Upgrades (\$1,200,000)
 - Replace aging power back-up devices, networking equipment, and file and print servers.
 - This upgraded equipment is a critical component in that it supports critical resources such as Internet access and district-wide instructional and administrative software.
- Upgrade to Telecommunications Infrastructure (\$1,000,000)
 - Upgrade existing telephone equipment as needed.
 - Provide a district-wide emergency notification system that will send messages via text, email, and telephone.

Project Status Update

- Wireless access for all classrooms
 - 99% completion rate for the overall project with 121 schools completely wireless.
- Digital content distribution
 - No update at this time.

- Infrastructure upgrades
 - o Planning in progress
- Upgrade to telecommunications infrastructure
 - Nine of 19 schools completed

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

No change orders have been executed during this period.

Project Schedule Update

This project is currently forecasted to complete on schedule.

Major Project Issues

Wadsworth Magnet School (421-341-027)

HVAC

Project Manager Fritzgerald Joseph, URS Architect/Engineer Carlsten Sanford

Project Phase Construction Contractor B.E.Guthrie Construction

Hall Ceiling and Lighting to be Replaced

Corridor Lighting to be Replaced

Kitchen Hood, Ceiling Lighting and HVAC to be Replaced

Project Scope of Work

- Wadsworth Elementary is located at 2084 Green Forrest Drive, Decatur, GA 30032.
- The first school facility was built in 1958 and the current size is approximately 54,142 SF.

The scope of work includes:

- Replace existing lighting and ceiling tiles and refurbish grid throughout the school
- Remove all wiring, conduit, surface runways, etc. for devices, loads and equipment being removed
- Remove all starters, disconnects and associated conduit wiring
- Remove all abandoned conduits, design/ builder shall trace all circuits in existing panels to remain affected by demolition
- New typed directories on all panels and protect with plastic covers
- Seal all holes left by the removal of devices, conduit and wiring and paint patchwork
- Remove hook that penetrates through the ceiling to the structure in classroom 10

Project Status Update

- Contruction kick-off meeting was held on October 24, 2013.
- Construction coorindation meeting was held on October 25, 2013 with the Principal.
- Construction has commenced on this project.

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Change Order Summary

No change orders have been executed during this period.

Project Schedule Update

- The project is at risk of completing behind schedule.
- The URS Team is currently evaluating the potential impact and best course of action.

Major Project Issues

Warren Technical School (003-422)

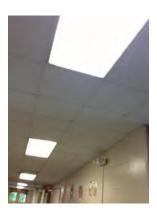

HVAC SPLOST III Carryover

Project Manager Fritzgerald Joseph, URS Architect/Engineer Richard Wittschiebe & Hand

Project Phase Design Contractor TBD

Hall Lighting to be Replaced

Hall Lighting to be Replaced

Classroom Lighting to be Replaced

Project Scope of Work

- Warren Technical School is located at 3075 Alton Road, Chamblee, GA 30341.
- The first school facility was built in 1963 and the current size is approximately 43,678 SF.
- In order to fund critical improvements, additional funds for construction were allocated from SPLOST IV (Project 003-422), to compliment the work included in SPLOST III (Project 421-129). Project 003-422 includes funds allocated towards the General Contractor's construction budget; all other services, design, etc. included in Project 421-129.

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing freezer and cooler
- New kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- New direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap

- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- New emergency generator
- New parking lot lighting (coordinated with Georgia Power)

Project Status Update

- Scheduled for construction over the 2014 summer break.
- Design reviews have predicted possible project overruns
- Evaluating value engineering options to bring the project back into budget

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

<u>Major Project Issues</u>

■ Please see the write up for 421-129 on page C-163 to review project issues.

Warren Technical School (421-129)

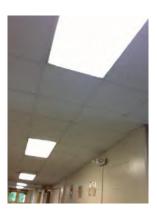

HVAC

Project Manager Fritzgerald Joseph, URS Architect/Engineer Richard Wittschiebe & Hand

Project Phase Design Contractor TBD

Hall Lighting to be Replaced

Hall Lighting to be Replaced

Classroom Lighting to be Replaced

Project Scope of Work

- Warren Technical School is located at 3075 Alton Road, Chamblee, GA 30341.
- The first school facility was built in 1963 and the current size is approximately 43,678 SF.
- Project 003-422 includes includes funds allocated towards the General Contractor's construction budget; all other services, design, etc. included in Project 421-129.

The scope of work includes:

- Replacement of existing ceilings and lighting fixtures throughout the school
- Replacement of existing freezer and cooler
- New kitchen exhaust hood with a makeup air unit and air conditioning for the kitchen
- New direct digital controls (DDC) energy management controls
- Installation of a new 3,000-gallon grease trap
- Installation of reduced pressure zone (RPZ) devices on existing domestic and fire water supply lines
- New emergency generator

New parking lot lighting (coordinated with Georgia Power)

Project Status Update

- Scheduled for construction over the 2014 summer break.
- Design reviews have predicted possible project overruns
- Evaluating value engineering options to bring the project back into budget

Project Budget/Forecast Update

This project is currently forecasted to complete within budget.

Change Order Summary

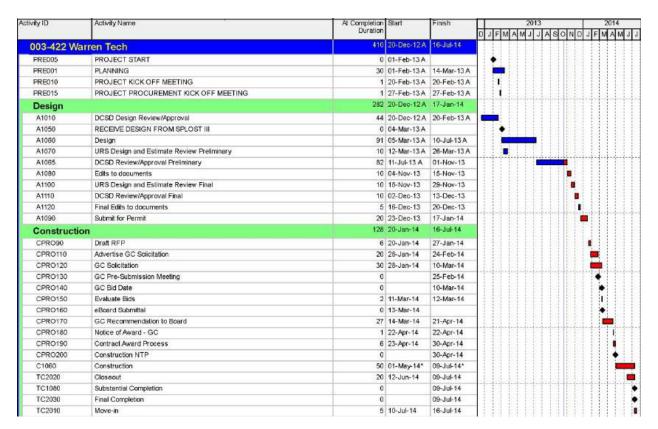

No change orders have been executed during this period.

Project Schedule Update

This project is currently forecasted to complete on schedule.

Major Project Issues

- The Facility Assessment Report identified roofing repairs as part of this school's needs.
- Because of the potential impact for delaying this type of work, it is necessary to re-evaluate the sequencing with SPLOST III projects to determine the highest priority.

Active Project

A project is considered active from the early start date in the Master Program Schedule through project closeout.

ADA

The Americans with Disabilities Act gives civil rights protection to individuals with disabilities similar to those provided to individuals on the basis of race, color, sex, national origin, age, and religion. It guarantees equal opportunity for individuals with disabilities in public accommodations, employment, transportation, state and local government services, and telecommunications.

Addendum

(Addenda) Written information adding to, clarifying or modifying the bidding documents. An addendum is generally issued by the owner to the contractor during the bidding process and as such, addenda are intended to become part of the contract documents when the construction contract is executed.

Alternate Bid

Amount stated in the bid to be added or deducted from the base bid amount proposed for alternate materials and/or methods of construction.

Application for Payment

Contractor's written request for payment for completed portions of the work and, for materials delivered or stored and properly labeled for the respective project.

BAFO

Best And Final Offer. During contract negotiations, this is a term used to describe quote submissions from vendors to the project owner.

Bid

An offer or proposal of a price, including the amount offered or proposed.

Bid Form

A standard written form furnished to all bidders for the purpose of obtaining the requested information and required signatures from the authorized bidding representatives.

Bid Opening

The actual process of opening and tabulating bids submitted within the prescribed bid date/time and conforming with the bid procedures. A Bid Opening can be open (where the bidders are permitted to attend) or closed (where the bidders are not permitted to attend).

Bidding Documents

The published advertisement or written invitation to bid, instructions to bidders, the bid form and the proposed contract documents including any acknowledged addenda issued prior to receipt of bids.

Change Order (CO)

A written document analyzed and recommended by the architect and program manager, and approved by DCSD Design and Construction Department, and executed by the DCSD Superintendent and BOE as appropriate, authorizing a change in scope of work, an adjustment in the contract price, or the contract schedule. The contract sum and the contract time may be changed only by change order. A change order may be in the form of additional compensation or time; or less compensation or time known as a Deductive C.O.

Change Order Request (COR)

A written document requesting a change in scope of work, an adjustment in the contract price, or the contract schedule.

Closed Project

A project is considered closed when all final contract payments have been made, any claims settled, and all remaining project monies are transferred to the Programs' contingency fund.

Construction Document Phase

The construction document phase is generally the third phase of design. The CD phase follows right after the DD Phase. In this phase the architect and engineer develop much of the details of the project along with the drawings and specifications that the contractor will use to build the project. In many cases CD's are further broken into sub-phases; 30% CD's, 60% or 80% CD's and 100% CD's.

Design Development Phase

The design development (DD) phase of design is generally the second phase nestled right between schematic design (SD) and construction document (CD) phase. Much of the actual design happens in this phase.

Facility or Site Analysis

A visual inspection of a building and on-site improvements for functional or physical deterioration; prepare optional Replacement Cost Estimate for making recommendations to improve functional and physical deficiencies to increase market value; AND/OR prepare a Reserve Study over five (5) years to increase Net Operating Income (NOI) for the facility.

Funding

For this, and future reports, the term "funding" will represent the total intake of revenue, bond receipts, and GA DOE Reimbursements.

GC

Abbreviation for General Contractor.

General Conditions

A written portion of the contract documents set forth by the owner stipulating the contractor's minimum acceptable performance requirements including the rights, responsibilities and relationships of the parties

involved in the performance of the contract. General conditions are usually included in the book of specifications but are sometimes found in the architectural drawings.

General Contractor

The prime or main contractor to the Owner that is contracted to perform all work agreed upon in the project scope of work, schedule and sum.

Indirect Cost (or expense)

A contractor's or consultant's overhead expense; expenses indirectly incurred and not chargeable to a specific project or task. The terms indirect costs and soft costs are synonymous.

Lump Sum Contract

A written contract between the owner and contractor wherein the owner agrees to pay the contractor a specified sum of money for completing a scope of work consisting of a variety of unspecified items or work.

Notice of Award

Written confirmation of an award of a contract by the Owner to a successful bidder; it may also contain a notice to proceed, and it is sometimes used in lieu of a purchase order to a vendor.

Notice To Proceed (NTP)

A letter from the Owner to the Architect, Engineer, Consultant and/or Contractor stating the date the work can begin per the conditions of the contract. The performance time of the contract starts from the NTP date.

Obligations

Funds that are committed by an executed contract.

Plans

A term used to represent all drawings including sections and details; and any supplemental drawings for complete execution of a specific project.

Preliminary Drawings

The drawings that precede the final approved drawings. Usually these drawings are stamped or titled "PRELIMINARY"; and the "PRELIMINARY" is removed from the drawings upon being reviewed and approved by the owner

Pre-qualification of prospective bidders

A screening process wherein the owner or his/her appointed representative gathers background information from a contractor or construction professional for selection purposes. Qualifying considerations include competence, integrity, dependability, responsiveness, bonding rate, bonding capacity, work on hand, similar project experience, and other specific owner requirements

OSCB

Abbreviation for Qualified School Construction Bond, a U.S. debt instrument created by the American Recovery and Reinvestment Act of 2009. QSCBs allow schools to borrow for the rehabilitation, repair and equipping of schools. Funds can be used for renovation and rehabilitation projects, new building construction and land acquisition, as well as equipment purchases.

RFI

Abbreviation for Request for Information. A written request from a contractor to the owner or architect for clarification or information about the contract documents following contract award.

RFP

Abbreviation for Request for Proposal. A written request from the requestor (usually the owner or a contractor) to a contractor, design professional or subcontractor for an estimate or cost proposal. The RFP usually contains a specific scope of work.

Safety Report

The Occupational Safety and Health Act of 1970 clearly states the common goal of safe and healthful working conditions. A Safety Report is prepared following a regularly scheduled project safety inspection of the specific project.

Schedule of Values

A statement furnished by the contractor to the architect or engineer reflecting the portions of the contract sum allotted for the various parts of the work and used as the basis for reviewing the contractor's applications for progress payments.

Schematic

A preliminary sketch or diagram representing the proposed intent of the designer.

Schematic Design Phase

The first phase of the architect's basic services in which the architect consults with the owner to ascertain the requirements of the project and prepares schematic design studies consisting of drawings and other documents showing the scale and project components for the owner's approval.

Scheme

A chart, a diagram, or an outline of a system being proposed. An orderly combination of related construction systems and components for a specific project or purpose.

Scope of Work

A written range of view or action; outlook; hence, room for the exercise of faculties or function; capacity for achievement; all in connection with a designated project.

Special Conditions

A section of the conditions of the contract, other than the General Conditions and Supplementary Conditions, which may be prepared for a particular project. Specific clauses setting forth conditions or

requirements peculiar to the project under consideration, and covering work or materials involved in the proposal and estimate, but not satisfactorily covered by the General Conditions. (See General Conditions)

Structural Design

A term used to represent the proportioning of structural members to carry loads in a building structure.

Swing Space

Interim space occupied during a construction/renovation project.

Sub

Abbreviation for Subcontractor.

Subcontract

A written form of agreement between the prime or main contractor and another contractor or supplier for the satisfactory performance of services or delivery of material as set forth in the plans and specifications for a specific project.

Subcontractor

A qualified subordinate contractor to the prime or main contractor.

T&M

Abbreviation for a contracting method called Time and Materials. A written agreement between the owner and the contractor wherein payment is based on the contractor's actual cost for labor, equipment, materials, and services plus a fixed add-on amount to cover the contractor's overhead and profit.

Unit Price Contract

A written contract wherein the owner agrees to pay the contractor a specified amount of money for each unit of work successfully completed as set forth in the contract.

Variance

This report uses the term variance to indicate the calculation of the current budget less the forecasted cost at completion. A positive variance amount does not indicate that funds are available for use on additional projects. The original scope of work must be completed before funds can be reallocated.

Zoning

Restrictions of areas or regions of land within specific geographical areas based on permitted building size, character, and uses as established by governing urban authorities.

Zoning Permit

A document issued by a governing urban authority permitting land to be used for a specific purpose.

Construction Delivery Methods

Design/Bid/Build

Under this traditional method, an architectural firm is hired and serves as the owner's agent. Although the firm may have numerous responsibilities, including the selection of consultants, its primary responsibility is to provide and oversee the design and construction documents for the project. As the design progresses, cost estimates are periodically prepared by the architectural firm and external cost estimators. Once the construction documents and specifications are completely finished, and other requirements of the owner have been met, the project is bid and subsequently awarded to the Bidder whose bid is the lowest responsive responsible bid.

Design/Propose/Build

Under this traditional method, an architectural firm is hired and serves as the owner's agent. Although the firm may have numerous responsibilities, including the selection of consultants, its primary responsibility is to provide and oversee the design and construction documents for the project. As the design progresses, cost estimates are periodically prepared by the architectural firm and external cost estimators. Once the construction documents and specifications are completely finished, and other requirements of the owner have been met, the project is solicited as a Request for Proposals and subsequently awarded to the Offeror whose proposal is most advantageous to the Board of Education.

Construction Manager at Risk

This system of delivery is similar to that of Design/Bid/Build with three key differences. First, a construction manager is hired during the preconstruction phase to manage the construction process, including the selection of subcontractors. Second, through coordination between the architect and construction manager, the design and construction phases can be overlapped thereby expediting the delivery process. Third, the construction manager, who is responsible for quality control, scheduling and the estimate of construction costs, provides a guaranteed maximum price for the project.

Design/Build

Rather than hiring an architect, under Design/Build the owner enters into a contract with a single firm with design and building capabilities or a construction entity that employs the architect as a consultant. As with the aforementioned delivery system, a guaranteed maximum price for the entire project may be provided, construction management techniques to overlap design and construction phases are utilized, and the overall project delivery is expedited.

CIP Project Phase Descriptions

Planned

This is the status of upcoming projects that are part of the SPLOST program, but have not yet started yet.

Pre-Design and Programming

This is the first active phase of a project, during which a project manager is assigned and the scope of work to be performed is developed in greater detail. Once the project manager has analyzed the project and completed scoping, the project moves into Design Procurement.

Design Procurement

This is the phase where architectural/engineering services are procured for a project. It may involve the RFP, bidding, award, contract review, and contract execution activities.

Design

Once an A/E is awarded a design services contract, design work commences with the NTP. During design the project scope is further developed into construction documents that will be used to define the work for the contractor to complete on-site.

Pre-Construction

The Pre-Construction phase consists of construction procurement, as well as coordination by the CIP Team for any other activities prerequisite to construction, i.e., relocation into swing space.

Construction

Construction begins once the contractor is issued a NTP. During construction is when most of the on-site activity of a project occurs.

Close-out

Upon Substantial Completion, the final inspection, submission of necessary documentation, acceptance, and concluding payment on a construction project, as required by the contract documents.

Closed

All design, construction, and close-out requirements for the project have been completed and accepted by the owner. Final payment has been made, and the project is no longer active. Note: project warranties (as applicable) may still be enforced and are not affected by the project status.

Non-Construction Project

This phase relates to activities within the CIP that are on-going throughout the length of the program, or are not buildings projects and more administrative by nature. These projects are generally supporting activities.

Construction Project Financial Terms

Original Budget

The budget amount assigned to the project for the original scope of work.

Budget Revisions

Changes made to the budget of each individual cost code for the project. These changes are tracked during the duration of the project.

Current Budget

The current budget represents the original budget plus or minus any budget revisions.

Original Contracts

Once a vendor has been awarded a contract for any portion of work for the project, the original contract dollar amount is recorded. Each contract is placed within the appropriate cost code.

Executed Change Orders

A change order is work that is added to or deleted from the original scope of work of a contract, which alters the original contract amount or completion date.

Current Contracts

The current contract represents the original contract plus or minus any executed change orders.

Paid To Date

This represents payments that have been issued to a vendor against their contract.

Approved Requests Waiting Payment

This is vendor pay requests that have been approved for payment and are in the process of having a check released.

Contracted Balance

The calculation of a vendor's current contract amount less any pay requests that have been paid or approved to be paid. This provides a status of the financial obligation to complete the contract.

Change Order Requests

Change Order Request (COR) are additional scope of work items. This is part of the construction process and is a place holder for funds against the existing contract. They may add or remove any portion of work from the project. After approval, multiple CORs may be combined into a single change order for the contract. As used in this report, COR amounts serve as placeholders on the applicable budget and will only impact the budget after final approval of the related CORs is achieved via either final DCSD signatures or Board of Education approval and final DCSD signatures.

Estimate To Complete Forecast

The Estimate To Complete (ETC) Forecast is a manual analysis of the projects expected cost needed to complete all the remaining work. This is a place holder for work that is not currently under contract but will be at some point in the future to complete the project. This is not a calculated field, rather a manual estimated amount based on a periodic review of the project status. This analysis includes CORs for which approval is pending and other future work not yet identified and memorialized in CORs.

Estimate At Completion

The Estimate At Completion (EAC) is calculated by adding the current contract plus the CORs plus the estimate to complete for all of the remaining work.

Forecasted Budget Balance

The Forecasted Budget Balance column represents the current budget less the estimate at completion. If funds are available from the current budget after the scope

4. SPLOST IV Funding, Obligations, and Expenditures

Due to the data cut-off date occurring prior to the end of the month, values reflected for the current month are subject to change due to transactions occurring between the data cut-off date and the end of the month. Transactions occurring after the data cut-off date will be captured during the next reporting period.

Revenue data as reported by the Georgia Tax Center online at http://gtc.dor.ga.gov/.

Due to the data cut-off date occurring prior to the end of the month, values reflected for the current month are subject to change due to transactions occurring between the data cut-off date and the end of the month. Transactions occurring after the data cut-off date will be captured during the next reporting period.

This Monthly Status Report provides a "snapshot" of the Program on or about the date of the report. It contains past, current, and forward-looking statements that involve evaluating risks, uncertainties, and assumptions. If such risks or uncertainties materialize, or such assumptions prove incorrect, information contained in the Report could differ materially from that stated. The URS Team should be consulted – and additional data may need to be gathered – before making strategic decisions based upon the contents of this Report.

Capital Improvement Program 2012 - 2017

THE NINETY DAY ACTION PLAN

Interim Superintendent Thurmond released his Ninety-day action plan (http://www.dekalb.k12.ga.us/www/documents/superintendent/90-day-plan.pdf).

The document outlines the strategic focus of the DCSD for the next ninety days (May 1, 2013 – July 31, 2013). The plan includes five major goals and objectives:

Address Advance ED/SACS action items and work to achieve unconditional accreditation sta	Address Advance E	SACS action items and work to achie	eve unconditional accreditation status
--	-------------------	-------------------------------------	--

	Develop	and im	plement a	balanced	budget for	FY 2014
--	---------	--------	-----------	----------	------------	---------

- ☐ Prioritize student academic achievement and career readiness; strengthen parent, adult guardian and mentor involvement;
- ☐ Develop and implement a plan that will improve operational efficiency throughout the district;
- ☐ Continue to rebuild trust with internal and external district stakeholders.

The Ninety Day Action Plan will be implemented from May through July 2013. The Superintendent will continue to work with Chairman Melvin Johnson, and the Members of the Board of Education and district stakeholders to ensure that every student enrolled in our schools will have equal access to a quality education

THE BRIDGE INITIATIVE

Developing a holistic understanding of the root causes of under performance by students

Analyzing student and school achievement and career readiness data to determine best practices and inform resource allocation

Realigning the excising federal funding allocated through Title II, Race to the Top and School Improvement Grant; and

Evaluating Pre K – 12 curriculum, program offerings and curriculum alignment with common core college and career readiness standards.
