FAMILY ENGAGEMENT MONTH

Family Engagement Month is a special time dedicated to celebrating and recognizing the essential role families play in supporting their children’s education and overall well-being. It’s a month for reflecting on the powerful impact that partnerships between families, educators, and community stakeholders have on students’ success and development. This is an opportunity to honor the shared commitment to nurturing children’s growth, creating learning-rich environments, and fostering strong relationships that empower families and build resilient communities. Together, we embrace the idea that collaboration amplifies our efforts, and we truly are stronger as a united community.
